

FCC ID:2A5TA-AM-2301

A close-up photograph of the green printed circuit board (PCB) of a Raspberry Pi Zero. The image shows the USB port on the left, the micro-USB port on the right, and the antenna trace at the bottom. A red arrow points to the antenna trace, which is labeled 'Ant' in red text. Other components visible include a black integrated circuit (IC) labeled 'X26.000', a silver component labeled 'Y1', and various surface-mount components and labels like 'NC52', 'NC55', 'NC30', and 'FM'.
