

FCC Class II Permissive Change Request Letter

Date : December 22, 2022

SUBJECT : Class 2 Permissive Change Request for Certification for FCC ID:W75-BTM0, Model name BTM0

To Whom It May Concern:

We are requesting a Class 2 Permissive Change for this BTM0 model, FCC ID:W75-BTM0

Modifications:

- 1) Add host device information
Host device equipped with Bluetooth module has passed the conducted emission and spurious emission (radiation) tests and has been updated in the module report.
- 2) When installed in an added host(R9), the output power is reduced due to the characteristics of the host.

List of host devices below.

Product name	Model name	FCC ID
RADAR DETECTOR HOST	R9	

Sincerely,

Signature: J.H.KIM
