Regulations

This device complies with RCM, RoHS, FCC. Please visit [**petcube.com/terms-of-use**](https://petcube.com/terms-of-use) for more information.

DO'S & DONT'S

Watch your pet, talk to them remotely, record videos and get notifications about your pet's activity.

Share access to your Petcube Bites with friends, family or anyone within the Petcube community.

Fling treats to your pet on demand or on a schedule. Use it as a training aid and to reinforce good behavior.

❌ Don't drop, hit, or shake your Petcube Bites.

❌ Don't stain, scratch, or otherwise damage the front glass.

❌ Treats dispensed by Petcube Bites should not replace your pet's normal meals. Petcube Bites should not be used to dispense medication to your pet.

❌ Please keep in mind treat expiration dates and ensure you are only providing your pets with fresh treats. To prevent mechanical problems, use only compatible treats.

❌ Don't expose to liquid, moisture, dust, excessive heat, or open flames.

❌ To avoid overheating, don't leave Petcube Bites in direct sunlight.

❌ Be aware that using treats with your pet exposes them to choking hazards. Ensure your pet is familiar with the treats you are using and that you monitor their consumption. You are not required to use any specific treats with Petcube Bites.

❌ Petcube Bites should not be used by minors without supervision from an adult.

❌ Protect the power cord from being walked on, pinched, or chewed on by pets.

❌ If a treat gets jammed in a container or flinging mechanism, first empty and remove the container, then cautiously remove it by finger or pen. Do not use sharp instruments or apply too much pressure, this can damage the device.

FCC STATEMENT

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

§ 15.21 Information to user

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

§ 15.19 Labelling requirements

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Product Use:

The minimum separation between user and the device is generally at least 20 cm.
