REMOTE CONTROL INFLATABLE T-REX Instruction Manual Thank you for purchasing the Remote Control Inflatable T-Rex. This manual provides more information about the product, please read the instructions before using.	Product Overview Remote Control Inflatable T-Rex Charging Cable Remote Control Instruction Manual	Package Contents Included: 1(One) RC Inflatable Dinosaur T-Rex 51.18in. x 23.62in. x 74.8in. (130cm x 60cm x 190cm) 1(One) Remote Control 5.9in. x 1.78in. x 4.65in. (15.2cm x 4.5cm x 12.3cm) 1(One) Charging Cable 16.98in. (43cm) 1(One) Instruction Manual Specifications Frequency: 2.4 GHz FCC ID: 2ACMG-671-0876V2 RC Inflatable Dinosaur T-Rex Power Supply: Rechargeable 1.2Ah 1200 mAh T-Rex (included) Battery Charging Time: 2 hours Charging Cable Included Remote Control Power Supply: 2 x 'AA' 1.5V Batteries (Not Included) Remote Control Forward/Backward Button Left/Right Button Inflate Button Remote Control On/Off Button Deflate Button	Standard Control Note: To avoid losing control, always pay attention when controlling the Remote Control Inflatable T-Rex. Forward Button Control Remote Control Inflatable T-Rex to move forward Backward Button Control Remote Control Inflatable T-Rex to move backward	Standard Control Left Button Control Remote Control Inflatable T-Rex to turn left Right Button Control Remote Control Inflatable T-Rex to turn right	Standard Control Inflate Button Deflate Button Control Remote Control Inflatable T-Rex to inflate/Deflate (After Remote Control Inflatable T-Rex turn on, it will inflate automatically)
Power On/Off Power On/Off When the dinosaur is powered on, the Remote Control Inflatable T-Rex will start moving forward. To stop the dinosaur, press the power switch on the back of the dinosaur.	Remote Control T-Rex Battery Charging Remote Control T-Rex Battery Charging When the dinosaur is powered on, the Remote Control Inflatable T-Rex will start moving forward. To stop the dinosaur, press the power switch on the back of the dinosaur.	Battery Installation For Remote Control T-Rex Battery Installation For Remote Control T-Rex When the dinosaur is powered on, the Remote Control Inflatable T-Rex will start moving forward. To stop the dinosaur, press the power switch on the back of the dinosaur.	IMPORTANT: BATTERY INFORMATION WARNING: DROWNING HAZARD This is not a floating device. Do not use in water. Li-Ion battery charging warning statement For use in the United States only. When charging the product, use only the charger and cable provided. Do not use any other charger or cable. Do not charge the product in a fire, explosion, or other hazardous environment. Do not charge the product in a fire, explosion, or other hazardous environment. Do not charge the product in a fire, explosion, or other hazardous environment. For AA Batteries WARNING: TO AVOID BATTERY LEAKAGE Do not use the product if the battery is leaking. Do not use the product if the battery is leaking. Do not use the product if the battery is leaking. Charging Status Reading With Max Do not use the product if the battery is leaking. Do not use the product if the battery is leaking. Do not use the product if the battery is leaking.	Performance Tips 1. Do not use the Remote Control Inflatable T-Rex in a fire, explosion, or other hazardous environment. 2. Do not use the Remote Control Inflatable T-Rex in a fire, explosion, or other hazardous environment. 3. Do not use the Remote Control Inflatable T-Rex in a fire, explosion, or other hazardous environment. Care and Maintenance Always use dry and soft cloth to clean the product. Do not use the product in a fire, explosion, or other hazardous environment. Warning The product is suitable for individuals with operating experience. Do not use the product in a fire, explosion, or other hazardous environment.	FCC Statement This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. For AA Batteries Do not use the product if the battery is leaking. Do not use the product if the battery is leaking. Do not use the product if the battery is leaking.
