Date December 17, 2004

Equipment Authorization Division
Federal Communications Commission
7435 Oakland Mills Road
Columbia, MD 21046

To Whom It May Concern:

Please be advised that the Frequency Range listed 2.400 GHz to 2.497 GHz is correct due to this device FCC ID: R68WIPOPT, model number: WiPort being marketed globally. This device will be limited to channels 1 to 11, frequencies 2.400 GHz to 2.4835 GHz in the U.S. This will be done by the ability to program the internal FLASH Integrated Circuit for the U.S. SKU making this device only operate on these channels and frequency range. The end user will not have the ability to change the frequency range of the device beyond what is allowable in the U.S.

Thank you for your attention to this matter.

If you have any further questions or need additional information, please feel free to give me a call.
