Subject: Request for Dismissal of FCC Grant and ISED Certification

To whom it may concern:

I am writing this letter to respectfully request the dismissal of the FCC Grant and ISED Certification described below:

- FCC ID: HCQ3B6T (Date of Grant - 8/23/19)
- IC ID: 2309A-T (Date of Issue – 8/23/19)

Authorization of a single modular transmitter based on conducted power reduces the testing burden for our host product integrators pursuant to KDB 996369 D04 v01; the existing FCC and ISED applications reference EIRP for the RF output power level. We feel it is necessary to make the change to the conducted power authorization method to lessen the testing for our customers who use this module in their end-devices.

We declare that no product bearing FCC ID: HCQ3B6T has been marketed or sold anywhere in the United States nor anywhere in the world.

Thank you for your consideration in this matter.

Sincerely,

Corey Leavitt
Regulatory Compliance Engineer
Inovonics Corporation
