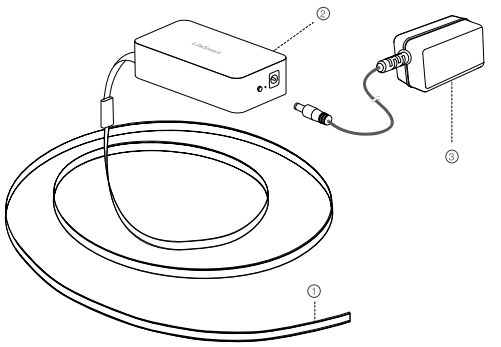
BLEND™ LIGHT STRIP



① BLEND™ Light Strip
② Light Strip Controller
③ Light Strip Power Adapter

EASY SETUP

Your BLEND™ Light Strip requires a LifeSmart™ Smart Station and the LifeSmart™ App to operate. Please download the App to your smart device and set up your Smart Station before proceeding. The App is available by scanning the following QR Code or going directly to the Google Play or iOS App Store.

▶ **Method 1**

m.ilifesmart.com/getapp.html

▶ **Method 2**

① Open the LifeSmart™ App and initiate adding a device.

② Attach the Light Strip Controller to the BLEND™ Light Strip and Power Adapter and plug the adapter to a power supply.

③ Press the back button on the BLEND™ Light Strip Controller for 5 seconds until the indicator light starts flashing to indicate that pairing is in progress.

④ You will be prompted in the App when pairing is complete.

⑤ You may now choose colors and dynamic effects via the LifeSmart™ App.

WARRANTY DESCRIPTION

Thank you for purchasing this LifeSmart™ product. In order to protect your rights, please read the following content carefully: The warranty period of our company's products is one year from the date of purchase or longer if local laws impose a longer minimum term, in which case the minimum term is the warranty period. During the warranty period, any faults caused by the product itself or for quality problems that arise under normal usage, LifeSmart™ will provide a free replacement.

ATTENTION

The following conditions are not covered by the warranty:

- Product failure or damage caused by installation, use, and maintenance that is not in accordance with the product instructions;
- Products beyond the warranty period;
- Products that have the barcode tampered with or removed;
- Devices that have been tampered with or customized outside of LifeSmart™ Terms Of Service as on the LifeSmart™ App and website;
- User-caused damage, such as inappropriate voltage input, high temperature, accidental spillage, physical damage, etc;
- Product failure or damage caused by force majeure such as earthquakes, fires, or floods;
- Product failure or damage caused by other problems except the product itself.

FCC STATEMENT

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
   - This device may not cause harmful interference.
   - This device must accept any interference received, including interference that may cause undesired operation.
2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
