

2-in-1 Qi2 Magnetic Wireless Charger Stand  
D461G

FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

OVERVIEW

- 1. Qi2 magnetic wireless charging panel
- 2. LED indicator
- 3. Earphones charging base
- 4. USB-C port

INSTALLATION AND USE

- 1. Connect the product with included cable to a 27W or above power adapter (not included). Connect the adapter to a wall outlet.
- 2. The device that supports wireless charging (such as phones, earphones) can be charged in the corresponding area. Simply put the device on the suitable charging area to charge.  
Note: The appliance supports charging of iPhone 12 and later models, as well as other mobile phones that support magnetic wireless charging.  
Note: To ensure charging efficiency, remove phone case before charging.
- 3. The LED indicator lights solid when the charger is connected to a wall outlet. During charging of a device, the LED light breathes.

SPECIFICATIONS

Model name	2-in-1 Qi2 Magnetic Wireless Charger Stand
Output	Total output: 20W Max. Phone charging: 15W Max. Wireless earphones charging: 5W Max.
Input	DC 5.0V≡3.0A, 9.0V≡3.0A, 12.0V≡2.0A
Compatibility	Phone charging: Apple MagSafe and other devices compatible with Qi2 standard. Earphones charging: Earphones that support wireless charging.
Dimensions	98 x 98 x 155 mm
Weight	317 g
Included in the packaging	- Magnetic wireless charger stand - USB-C to USB-C cable - User manual
