Safety Information

This user manual contains all necessary product safety literature. Please read carefully before using the device and retain for future reference.

Version : 5.1

Declaration

OnePlus is a trademark or registered trademark of OnePlus Technology (Shenzhen) Co., Ltd. All rights reserved. Without prior written permission of OnePlus, reproduction, transfer, distribution or storage of the contents in this document in any form is prohibited. OnePlus operates a policy of ongoing development. Thus, OnePlus reserves the right to make changes or improvements to any of the products described in this document without prior notice. The contents of this document are all provided "as is". Except as required by applicable law, no warranties of any kind, either express or implied, are made in relation to the accuracy of this document. To the maximum extent permitted by applicable law, under no circumstances shall OnePlus or any of its licensors be responsible for any loss of data or incur any special, incidental, consequential, or indirect damages caused.

Availability of product supplies, application software, and accessories may vary. For detailed information, please refer to an authorized OnePlus distributor. This device may contain commodities, technology, or software subject to export laws and regulations. Diversion contrary to law is prohibited.

1 GB = 1 billion bytes. It is normal that the actual available storage is less than the indicated storage because the operation system requires some necessary storage.

OnePlus is constantly striving to protect your personal information. You can read our "Privacy Policy" in the Setup Wizard when you turn on your phone for the first time. You can also check our "Privacy Policy" by following the steps: Settings - About Phone - Legal Information - Privacy Policy.

Safety

Failure to follow these guidelines may cause harm to your device, property, yourself, or others.

- Do not switch on the device where prohibited or when it may cause interference or danger.
- When operating a vehicle, obey and follow all related local laws.
- Do not use device at gas stations, service stations, or near fuel or chemicals.
- Mobile phones might cause interference. Check all laws and regulations when using the device.
- Hospitals or healthcare organizations may use equipment that is sensitive to radio frequencies. Please obey all rules and regulations.
- All wireless devices might be susceptible to interference, which could affect performance.
- Only qualified and authorized personnel should make repairs to this product.
- Only use branded accessories and batteries that are approved by OnePlus. Accessories which are not approved by OnePlus may damage the phone or cause harm.

The device is designed for water resistance under certain conditions, but OnePlus does not recommend excessive submersion. Liquid damage will void the warranty.

- When connecting with other devices, please follow the safety guidelines presented in this manual. Do not attempt to connect your device with incompatible products.

Battery Precautions

- Please do not attempt to repair, disassemble or modify the battery. Do not try to use battery near fires, heaters, direct sunlight, or other heat sources. Prolonged exposure to heat may cause battery leakage, explosions, or fires.
- Please do not place pressure on or pierce the battery with hard objects. Damaging the battery could cause battery leakage, overheating, or fires.
- Battery liquid may cause damage to skin or clothes. If exposed, immediately wash skin with water and seek medical attention.
- If you experience any battery abnormalities, such as high temperature, discoloration, swelling, or leakage, immediately discontinue usage of the device and contact customer support.
- If the battery's internal liquid comes in contact with your eyes, rinse thoroughly and immediately seek medical attention.
- Do not connect your device to a high-voltage power supply or the battery could become damaged.
- All batteries have a limited lifespan and will begin to lose capacity after several hundred charges/discharges.
- Do not touch the charger, cable or power socket with wet hands, as this may cause electric shock.

To save power and achieve longer battery life

- Features like Bluetooth and WiFi consume more energy, so disable these features when not in use.
- The brighter the screen, the more energy will be consumed; you can dim the screen brightness and shorten the sleep timeout settings.
- Please only use the official OnePlus charger. Using unauthorized chargers can be dangerous and can void your warranty.
- Make sure to only use outlets with the correct voltages (as labeled on the charging brick). Using an incorrect voltage can damage your phone and/or battery and lead to injury.
- Do not use unsafe plugs or outlets.
- Do not use a short-circuit charger.
- Do not disassemble or modify charger, as this may lead to personal injury, electric shock or fire.
- Do not use the charger in humid environments.
- Do not touch the charger, cable or power socket with wet hands, as this may cause electric shock.

- Do not place heavy objects on the power cord or attempt to modify any cables. Make sure to grasp the charger firmly while unplugging it.
- Do not pull the power cord as this may lead to damage and cause electric shock or fire. Before cleaning the device, unplug the power plug from the socket.
- The charger is intended for indoor use only.
- The maximum ambient charging temperature of the equipment declared by manufacturer is 35°C.
- Do not charge the battery under the following conditions: in direct sunlight, in temperatures below 5°C; in areas with humidity, dust or strong vibrations; in areas near a TV, radio or other electrical appliances.
- Adapter shall be installed near the equipment and shall be easily accessible.

Driving Safety

- Safety should take priority when you are operating a vehicle. Be sure to obey related regulations in the area or country in which you drive.
 - Please do not store or carry your mobile phone or accessories near liquid or flammable gas. Make sure you do not place your phone or accessories near safety air bags.
 - Do not rely solely on the GPS in your phone; these applications are only for reference purposes only. Location information changes regularly, and in some places these features are not supported.
 - Electromagnetic waves (in the surrounding environment or even earphone magnets) can disrupt the accuracy of the compass, so please only use it for reference.
 - If you do not wish to disclose your location, be sure not to use applications that can record your location.
- Please obey the rules, law and your local regulations.

FCC & IC Statement

- This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference; and,
(2) This device must accept any interference received, including interference that may cause undesired operation.

2. This device complies with Industry Canada's licence-exempt RSSs. Operation is subject to the following two conditions:

- (1) This device may not cause interference; and, (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- (1) l'appareil ne doit pas produire de brouillage, et, (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

The device could automatically discontinue transmission in case of absence of information to transmit, or operational failure. Note that this is not intended to prohibit transmission of control or signaling information or the use of repetitive codes where required by the technology. The device for operation in the band 5150-5250 MHz is only for indoor use to reduce the potential for harmful interference to co-channel mobile satellite systems.

In addition, high-power radars are allocated as primary users (i.e. priority users) of the bands 5250-5350 MHz and 5650-5850 MHz and that these radars could cause interference and/or damage to LE-LAN devices.

3. This Class B digital apparatus complies with Canadian ICES-003. Cet appareil numérique de la Canadian CEES-003. Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

NOTE: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications or changes to this equipment. Such modifications or changes could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful to part interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If the equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution

- Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
- The antenna(s) used for this transmitter must not be co-located or operate in conjunction with any other antenna or transmitter.
- The country code selection is for non-US model only and is not available for all US models. Per FCC regulation, all WiFi products marketed in the US must be fixed to US operation channels only.

RF Exposure Information (SAR)

This device meets the government's requirements for exposure to radio waves.

This device is designed and manufactured not to exceed the emission limits for exposure to radio frequency (RF) energy set by the Federal Communications Commission of the U.S. Government.

The exposure standard for wireless devices employs a unit of measurement known as the Specific Absorption Rate, or SAR. The SAR limit set by the FCC/ISED is 1.6W/kg. Tests for SAR are conducted using standard operating positions accepted by the FCC/ISED with the device transmitting at its highest certified power level in all tested frequency bands. Although the SAR is determined at the highest certified power level, the actual SAR level of the device while operating can be well below the maximum value. This is because the device is designed to operate at minimum power levels so as to use only the power required to reach the network. In general, the closer you are to a wireless base station antenna, the lower the power output of the handset. While there may be differences between the SAR levels of various devices and at various positions, they all meet the government requirement.

This device has also been tested and meets the FCC/ISED RF exposure guidelines for use with an accessory that contains no metal and positions the handset a minimum of 1.5cm from the body.

Use of other accessories may not ensure compliance with FCC/ISED RF exposure guidelines. Position the handset a minimum of 1.5cm from your body when the device is switched on.

Choose the belt clips, holsters, or other similar body-worn accessories which do not contain metallic components to support the minimum distance of body-worn operation. Cases with metal parts that are not approved by OnePlus, of the device, including its compliance with RF exposure guidelines, in a manner that has not been tested or certified, and use such accessories should be avoided.

Hearing Aid Compatibility (HAC) regulations for Mobile phones

- Your phone is compliant with the FCC Hearing Aid

CE Certification Information (SAR)

The SAR limit of Europe is 2.0W/kg. This device was tested for typical operation in rigorous testing. If you are not 5mm from the body. To maintain compliance with RF exposure requirements, use accessories that maintain a 5mm separation distance between the your body and the back of the handset. The use of belt clips, holsters and similar accessories should not contain metallic components in its assembly. The use of accessories that do not satisfy these requirements may cause interference with RF exposure requirements, and should be avoided.

Care and Maintenance

- Your phone is a product of superior design and craftsmanship and should be treated with care. The following suggestions will help you prolong the life of your device.
- If the screen comes in contact with liquid or dust, please clean immediately.
- Please do not touch the connection port of the phone, as static electricity may harm components in the device.
- Do not hit, shake or drop the phone to avoid damage to screen, battery, or the device itself.
- Do not place the battery, phone or charger in a microwave oven or other high voltage equipment. Otherwise, it may cause circuit damage, fires, or other damage.
- Do not use the phone around flammable gas.
- Please keep the phone out of reach of children in order to prevent injuries or property damage.
- Do not place the phone on uneven or unstable surfaces.
- Phone, battery and charger are not waterproof. Please do not use these devices to operate at cellular signal reception or transmission, humidity or dust; avoid rain.
- Use soft, clean, dry cloth to clean the phone, battery and charger.
- Do not use alcohol or harsh chemicals to clean the device.
- Please use a soft cloth with water to remove dirt and smudges; do not use your fingernails other sharp objects to avoid scratching the screen.
- When the phone is transmitting data or saving information, do not remove the SIM card.
- Sockets that are dirty may cause poor contact with the charger and your phone may fail to charge properly.
- Modified accessories may damage the device or violate local regulations for radio devices.
- If applicable, the user should turn off 5GHz WiFi in outdoor environments.

WARNING: Before using the phone, please read the health and safety information.

Some people may get dizzy or experience medical problems in response to flashing lights. If you are at risk, please consult your doctor before using this device. If you have the following

III. Defects or damage resulting from excessive force or use of metallic objects on the touch screen.

IV. Defects that have the serial number or the IMEI number removed, defaced, damaged, altered or made illegible.

V. Ordinary wear and tear.

VI. Defects or damage resulting from the use of the product in conjunction or connection with accessories, products, or ancillary/peripheral equipment not designed or approved by OnePlus.

VII. Any physical defects or damage resulting from improper testing, operation, maintenance, installation, service, or adjustment not furnished or provided by OnePlus.

VIII. Defects or damage resulting from the use of the product as collision with an object, fire, flooding, dirt, windstorm, lightning, earthquake, exposure to weather conditions, theft, blown fuse, or improper use of any electrical source.

IX. Defects or damage resulting from cellular signal reception or transmission, or viruses and other software problems introduced into the product.

X. Free warranty replacements and repairs are only valid in country of purchase. Other services are available in other regions. Please contact OnePlus Customer Support for more details.

Return Policy (Limited to America & Europe)

OnePlus phones and accessories are made to the highest standards and undergo rigorous testing. If you are not satisfied with your OnePlus product for any reason, you may request a return within 15 calendar days of delivery.

Once we approve your request and receive the product, we will give you a full refund. The return shipping cost will be incurred in the return process and is not covered by the refund. Return requests made outside of the 15-day period will not be accepted. We may also choose not to accept returns within these circumstances:

- Defects or damages caused by misuse, neglect, physical damage, tampering, incorrect adjustment, normal wear and tear or incorrect installation or unauthorized purchase.
- Price fluctuations being the sole reason for return.
- Customized customer contracts.

In accordance with the U.K. Consumer Rights Act 2015, any goods that are not (1) of satisfactory quality; (2) fit for their given purpose; or (3) as described, may be returned free of charge within 30 days of delivery. Please submit a ticket describing the problem with your device. In order to be eligible for a refund, you must contact us within 30 days after describing in detail how the goods were defective, damaged, or materially different. We may choose not to accept returns for any of the above mentioned circumstances.

In all cases, we will inspect the product and verify the fault. To qualify for a replacement or refund, device must be in "as new" condition and include all original contents of the package. We reserve the right to refuse a refund or exchange if the product returned is deemed to have been damaged. Please contact OnePlus Customer Support to request a

return at oneplus.com/support.

Recycling Initiative

We understand that our responsibility doesn't end at selling our products.

OnePlus has been working in the area of safe disposal of electronic waste. Since mobile, tablets and other electronic items are made of hazardous substances, under our global policy as well the legislation passed by the Ministry of Environment and Forests(MoEF), called E-waste (Management & Handling) Rules, 2011, which came into effect from 1st May 2012.

OnePlus will seek shared responsibility and cooperation from customers in reducing the environmental impact of their products.

OnePlus will comply with all the applicable laws related to e-waste management.

As a part of e-waste recycling initiative, OnePlus has partnered with an authorized E-waste company named A5 Attero for collection, dismantling and disposing E-waste collected from all over India. Attero vision is to look at e-waste not just as waste, but as an important resource that can be made useful instead of being thrown away.

OnePlus will support the environmental protection and the environmental burden with their fully automated facility for e-waste recycling.

For further information about e-waste recycling and our e-waste recycling partner and their process you may log on to www.attero.in or write an email to info@attero.in or Call on Toll Free: 1800-103-6328

Languages & Input

Settings --> System --> Languages & input --> Languages --> Choose your preference language.

Mobile phones support all the below mentioned Indian Official Languages for readability text as per IS 16333(Part-3):2017

ASSAMESE, BANGLA, BODO, DOGR, GUJARATI, HINDI, KANNADA, KASHMIRI, KONKANI, MAITHILI, MALAYALAM, MANIPURI (BENGALI), MANIPURI (MEETEI MAYEK), MARATHI, NEPALI, ODIYA, ORIYA, PANJABI(PUNJABI), SANTHALI (OI CHIKI), SANTHALI (DEVANAGRI), SANSKRIT, SINDHI(DEVANAGARI), TAMIL, TELUGU, URDU, ENGLISH

This mobile supports inputting for below mentioned Indian Official Language as per IS 16333(Part-3):2017

RoHS Compliance

This product is in compliance with DIRECTIVE 2011/65/EU OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 8 June 2011, on the restriction of the use of certain hazardous substances in electrical and electronic equipment and its amendments.
