Attention: Mr. Frank Coperich

Reference: Tottori Sanyo Application, FCC ID: NRNDMC200
Confirmation # EA95002, Correspondence Reference # 11179

Dear Frank:

This is in reference to your letter dated 12/27/99 for the above referenced application.

The Tottori Sanyo cellular phone has "hands-free headset jack" as one of their useful features. Typically other products may allow the handset for body-worn operations but not in this case because it does not have a belt clip or holster as option accessories; instead a leather case is used. Please refer to the attached letter and specification (accessories and option) from our client.

I hope this satisfy the FCC/SAR requirements and will grant this application.

Thank you.

Regards,

Gaspara Lim

Dear Gaspara,

Out Tottori SANYO's NRNDMC200 doesn't have a belt clip or holster as option accessories, but only has a leather case as per the attached copy of specification.

Best regards,
