

Professional Installation Instructions

FCC ID: TOR-W68

Installation Personal

This product is designed for specific application and must be installed by a qualified personal who has RF and related rule knowledge. The general user shall not attempt to install or change the setting.

Installation Location

The product shall be installed at a location where the radiating antenna can be kept 20cm from nearby person in normal operation condition to meet regulatory RF exposure requirement.

Installation Procedure

Please refer to user's manual for the detail.

Antenna

Use only the antennas that have been approved by the applicant. Non-approved antenna(s) may produce unwanted spurious or excessive RF transmitting power which may lead to the violation of FCC/IC limit and is prohibited.

Warning

Please carefully select the installation position and make sure that the final output power does not exceed the limit set force in relevant rules. The violation of the rule could lead to serious federal penalty.

Name and surname of applicant (or authorized representative): Mark Shamsheian

Date: 2015.1.30

Signature: _____

A handwritten signature in dark ink, appearing to be "M Shamsheian", written over a horizontal line.
