RE: Request for Confidentiality
Applicant: Owl Labs Inc
FCC ID: 2ALXJ-MTW100

To Whom It May Concern:

Permanent Confidentiality

Request is hereby submitted by Owl Labs Inc. to withhold permanently from public review certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept permanently confidential:

- Schematics
- Detailed Block diagrams

Short-term Confidentiality

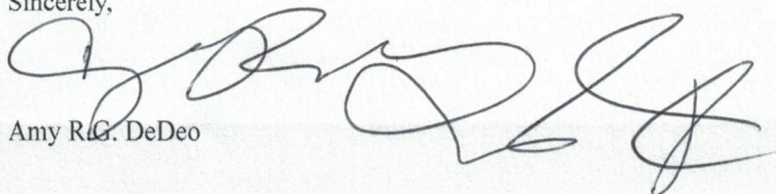

Request is hereby submitted by Owl Labs to withhold from public review for a period of 180 days from the date of the Grant of Equipment Authorization and prior to marketing, certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept confidential for a period of 180 days from the date of Authorization:

- Detailed Operational/Functional Description
- Test setup photos
- External/Internal photos

Rationale for request for confidentiality:

Owl Labs Inc. has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the permanently confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by us. Disclosure of the short-term confidential portions of this application during the period of importation and/or distribution would reveal key aspects of proprietary technology to competitors and diminish the value of our investment in research and development.

Sincerely,

Amy R.G. DeDeo

Re: Request for Confidentiality

Request is hereby submitted by Owl Labs Inc. to withhold from public review certain portions of the application for equipment certification for the referenced PCC identifier. This request for confidentiality is made pursuant to 47 CFR 1.443(b) and 1.443(c) of the FCC Rules. In particular, the following sections of the application are to be kept confidential:

- Software
- Detailed block diagrams

Short-term Confidentiality

Request is hereby submitted by Owl Labs Inc. to withhold from public review for a period of 180 days from the date of the grant of equipment authorization and prior to marketing certain portions of the application for equipment certification for the referenced PCC identifier. This request for confidentiality is made pursuant to 47 CFR 1.443(b) and 1.443(c) of the FCC Rules. In particular, the following sections of the application are to be kept confidential for a period of 180 days from the date of authorization:

- Detailed (physical) network description
- Test setup photos
- Measurement photos

Reasons for request for confidentiality

Owl Labs Inc. has invented considerable time and resources in research, development, testing and deployment of the referenced product. Disclosure of the proprietary code and portions of this application to competitors would not only give them significant competitive advantages in developing similar products but would also disclose successful implementation of sophisticated testing techniques developed by us. Disclosure of the short-term confidential portions of this application during the period of preparation and/or distribution would reveal key aspects of proprietary technology to competitors and diminish the value of our investment in research and development.

Sincerely,

Amy K. Miller
