Question #1: The device will be activated automatically. Please provide evidence or mechanics that the device will cease transmission within 5 seconds after activation.

Question #2: Please provide two more test plots to show the length of pattern #1 (0.79ms) and pattern #2 (0.395ms).

Question #3: The user manual does not contain user information as specified in FCC15.21. Please revise the user manual.

Question #4: Block Diagram in the filing was marked as Confidential. Please either remove "Confidential" from the file or update the confidentiality letter to include Block Diagram as well.

Best Regards,
Helen Zhao
