FCC Class II Permissive Change Request Letter

Date: 09/03/2015

To FCC:

RE: FCC Permissive II Change Request for Company: AzureWave Technologies, Inc. FCC ID: TLZ-NM230NF

We are submitting an application for a class II permissive change to the FCC approval of the Company name: AzureWave Technologies, Inc., product description: IEEE 802.11 b/g/n Wireless LAN and Bluetooth combo M.2 1216 Module (FCC: **TLZ-NM230NF**, Original Grant Date: 8/10/2015). The transmitter module itself has not changed. Here are the changes:

The major change filed under this application is:

1. Change to portable category for the module approval per the tested host system. (Please refer to the SAR test report for host system brand/model name).
2. Antennas of the same type, PIFA, with less gain than antennas of previously authorization are installed into the tested host system (Please refer to the test reports for host system brand/model name).
The gain of the respective antennas is 1.89dBi
3. Equipment Class change as below:
Wi-Fi change from 802.11 b/g/n to 80.211b/g
BT change from BR/EDR/LE to LE

Sincerely,

Ivan Chen / Manager

AzureWave Technologies, Inc.
