

HB-L10

Frequency: 433.92MHz

Power: -10dBm

Ant Gain: 3dBi

Modulation: ASK

Number of keys: 11

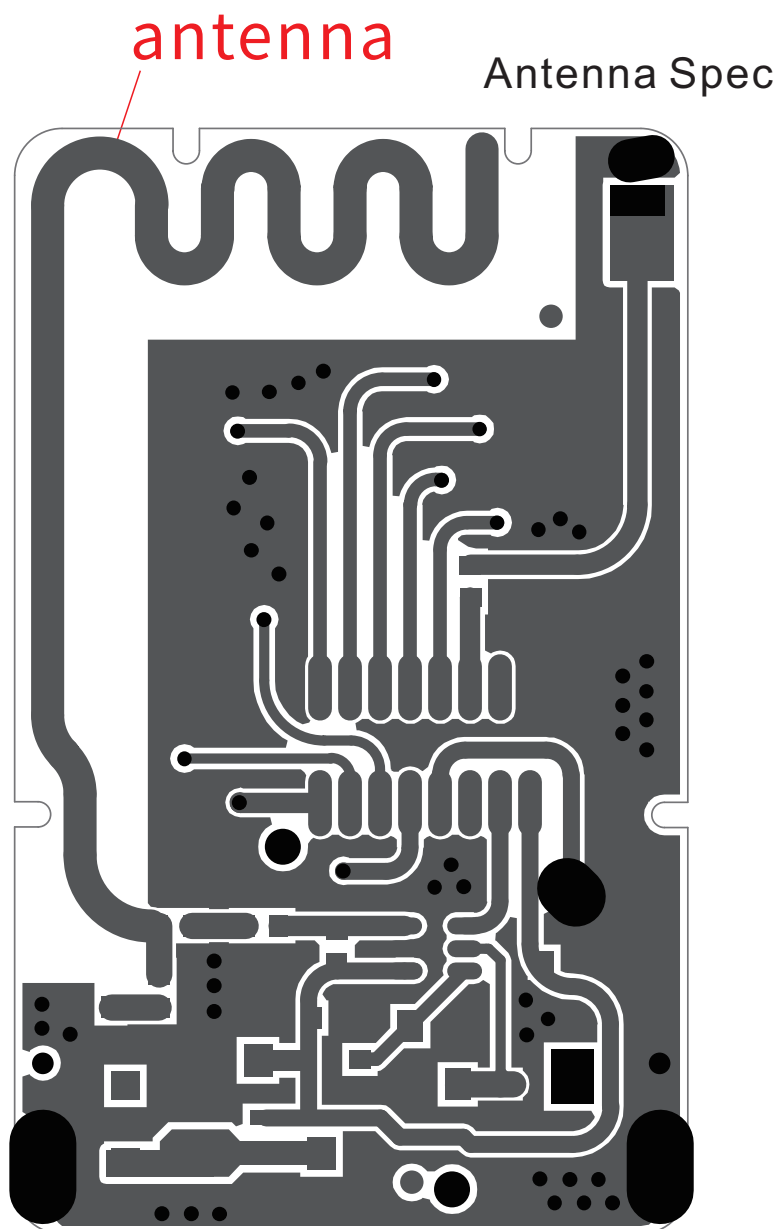

Standby current: <3uA

Working current: 10mA

Working voltage: DC 2.4V-3.6V

Power supply mode: 12V23A-battery x1

HB-L10 Remote control

Model: HB-L10

Antenna type: linear PCB on-board antenna

Antenna diameter 1mm, length 76.5mm

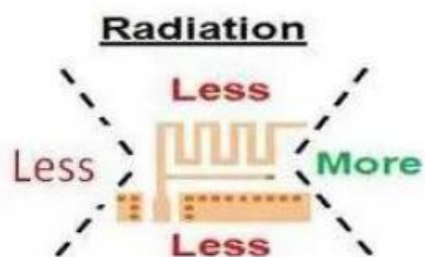

X, Y, Z scan direction

RF radiation mode

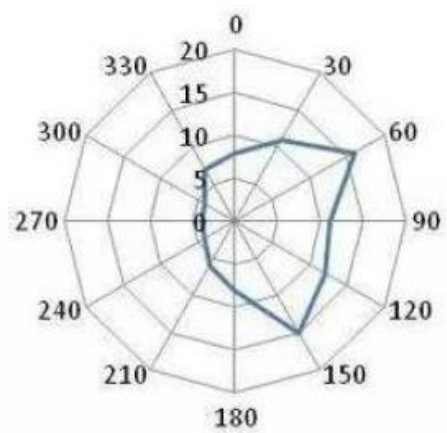

Working center frequency: 433.92MHz

Material: copper

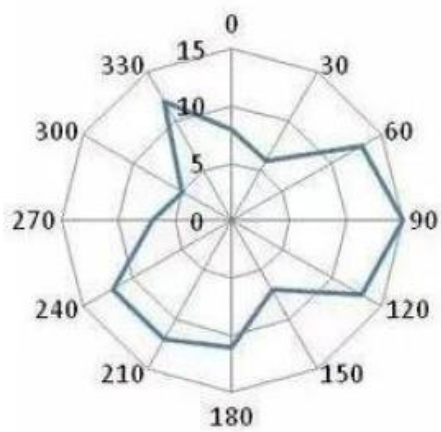

Ant Gain: 3dBi
