	Next Track	"MFB-R" for 10s

③ LED

MFB-L / MFB-R	Answer/End Call/Answer/End Call	Single click "MFB-L" / "MFB-R"
	Speed Call	"MFB-L" / "MFB-R" for 10s
	Play/Power	Click Twice "MFB-L" / "MFB-R" (When play music)
	LED	Click Twice "MFB-L" / "MFB-R"

④ LED

LED Indicator-L	Pairing status	Green light on
LED Indicator-R	Pairing success	Green light turns off

⑤

### Charging Case Power Display

- 1 Earbuds charging status - green light keeps flashing
- 2 Earbuds charging complete - green light turns off
- 3 Charging case charging status - digital display
- 4 Charging case charging complete - The power display is 100, then turns off

## Headset Pairing

**Super Easy to Pair**  
Open charging case  
connect bluetooth  
(H3)

## Warranty

- We provide 30 days money back warranty
- We provide 1\*24H warranty service

#### FCC Statement

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The device has evaluated to meet general RF exposure requirement. The device can be used in portable exposure without restriction.
