

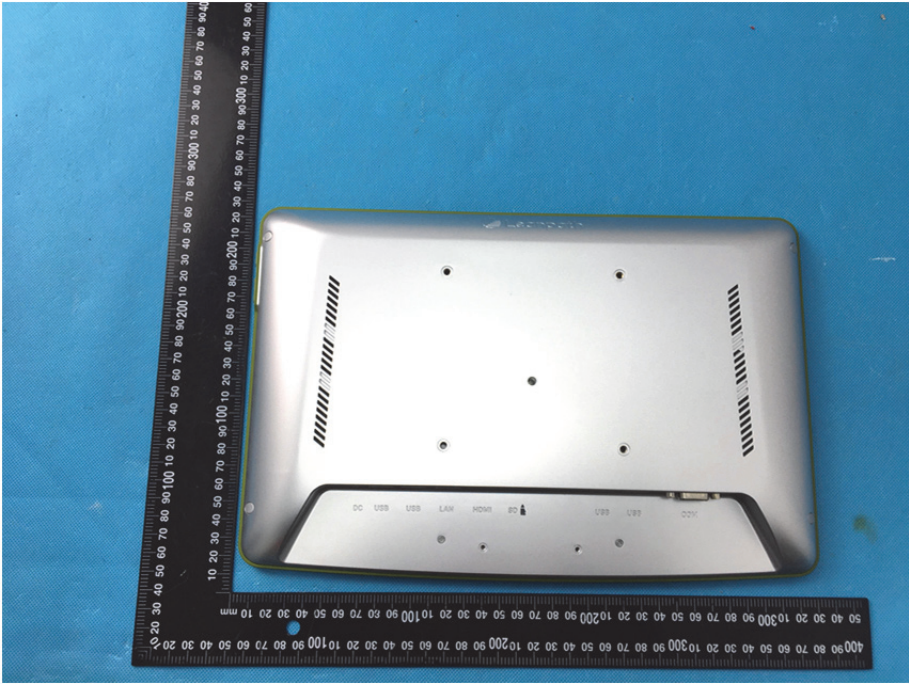

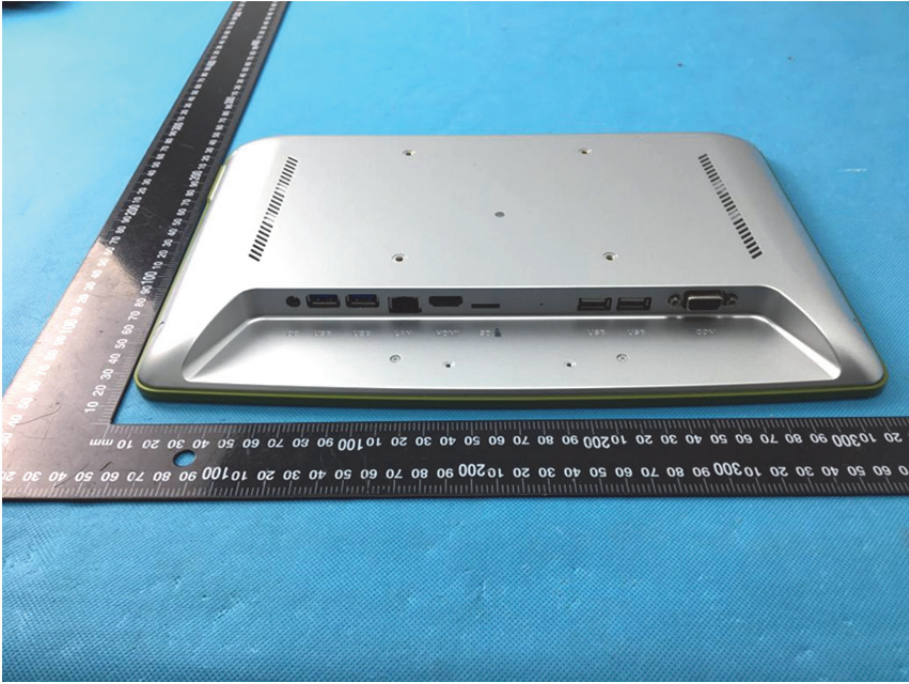

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

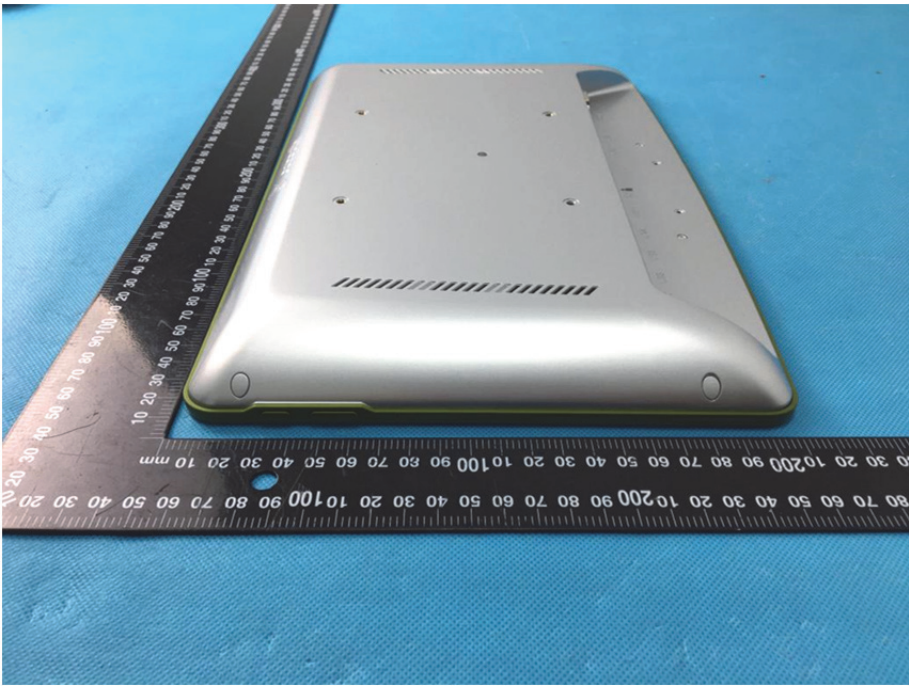

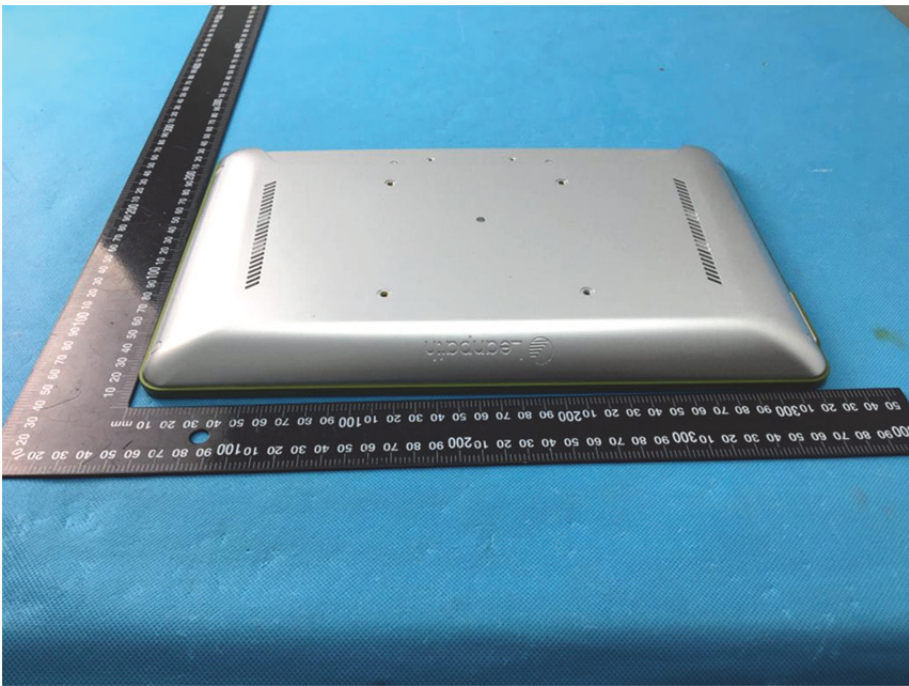

EUT View 1

EUT View 2

EUT View 3	 A photograph showing the bottom of a silver, rectangular electronic device. The device has a central circular feature and two sets of diagonal ventilation slats on the left and right sides. It is placed on a blue surface next to a black ruler with white markings. The ruler is oriented vertically, showing measurements from 0 to 100 mm.
EUT View 4	 A photograph showing the bottom of the same silver electronic device from a different angle. This view shows the rear panel with various ports and connectors. The device is placed on a blue surface next to a black ruler with white markings. The ruler is oriented horizontally, showing measurements from 0 to 100 mm.

EUT View 5	 A photograph showing the bottom of a silver, rectangular electronic device. The device is placed on a blue textured surface next to a black ruler with white markings. The ruler is oriented vertically, with the 0 mark at the top. The device has a smooth, metallic finish with some small circular indentations and a series of diagonal lines near the bottom edge. The ruler shows measurements in millimeters and centimeters.
EUT View 6	 A photograph showing the bottom of a silver, rectangular electronic device, similar to View 5 but from a slightly different angle. The device is placed on a blue textured surface next to a black ruler with white markings. The ruler is oriented vertically, with the 0 mark at the top. The device has a smooth, metallic finish with some small circular indentations and a series of diagonal lines near the bottom edge. The ruler shows measurements in millimeters and centimeters.
