

RE: CFS8DL5820 / EA698205

January, 10, 2003

To Whom It May Concern:

The FCC ID for the 5820 is imprinted into the bottom plastic. Since it is 'white-on white', it did not show up well on the bottom plastic photo. So we have included a LABEL drawing of the bottom plastic showing the FCC ID. Also, since this is a miniature unit (2-7/8" X 1/2") We have put the required FCC PART 15 STATEMENT into the Installation Instructions ('II'). I believe that everything else is quite standard. Any questions please don't hesitate to contact me at:
