Thailand licensed devices

RoHS statement. RoHS compliant as per India E-waste

(Management) Rules

World Health Organization advice. Organizations such as the World Health Organization (WHO) and the US Food and Drug Administration have stated that if people are concerned and want to reduce their exposure they could use a handsfree accessory to

exposure they could use after an usine eaccessory under the phone amount of time spent on the phone.

Note: This guidance is included as a precaution, per the requirements of the Government of India. The scientific consensus is that there are no known RF health effects from the use of phones.

Vietnam RoHS. Products sold in Vietnam, on or after September 23, 2011, meet the requirements of the Vietnam Circular 30/2011/TT-BCT ("Vietnam RoHS").

Battery. Your battery is marked with a recycle symbol like this one. For more information, visit http://www.bai.or.ip/

support NFC. To find out an Qurn NFC on/off, swipe up and tap Settings > , then type NFC. For more information, refer to Settings > Help.

Allergens, Trace amounts of an allergen maybe added during manufacture of a phone or device component that may cause discomfort for some individuals. This approach is common for many types of products. We recommend that you monitor any products that maybe in prolonged contact with your skin, and avoid contact for use skin irrifation.

Location services. Your mobile device can provide location information to applications, using sources including GPS (GPS, AGPS, Galileo, GLONASS and Beidou - depending on the device specification) and Wi-Fi. GPS systems use government-operated satellites that are subject to changes in national policy by the governments operating them that may affect the performance of location services technology on your mobile device. AGPS (Assisted, Global Postitioning System) uses your wireless service provider's network to improve performance. Airtime, data fees, and/or additional charges may apply in accordance with your service plan.

Phonestransmit location-based information when connected to a wireless network or when using other location technologies like GPS. If you use applications that require location-based information such as driving directions, your phone will provide location information to them. These applications may share location information with third parties, including your wireless service provider, applications providers, Motorola. Lenovo. and other third parties providing services.

Emergency calls: When you make an emergency call, the cellular network may activate the AGPS technology in your phone to tell

the emergency responders your approximate location. AGPS has limitations and may not work in your area. Therefore:

- Always tell the emergency responder your location to the best of your ability; and
- Remain on the call for as long as the emergency responder instructs your

Phone security. Motorola understands that a safe and secure mobile experience is important to everyone. Because some features of your phone might affect your security, please follow these recommendations to enhance protection of your phone:

- Monitor access. Keep your phone with you and don't leave it where others might have unmonitored access. Use your phone's security and lock features, where available.
- Keep software up to date. If Motorola or a software application/vendor releases a patch or software fix for your phone that updates the phone's security is released, install it as soon as possible.
- Secure personal information. Your phone can store personal information in various locations, including a SIM card, memory card, and phone memory. Be sure to remove ocearal personal information before you recycle, return, or give away your phone. You can also backur, your personal data to transfer to a new phone.

Userprivacy. Molorolaand. enovoare committed to protecting and appropriately using personal data and user information under our care. To better understand what data Molorola and Lenovo may collect and use, be sure to review the Molorola/Lenovo privacy policies linked within your phone (found at phone set-up and in Settings). Please also be sure to take advantage of the privacy and security controls and features within your phone.

In addition, please note that when your Motorolaproduct is furmed on forthe first time (and is connected to the internet), the international mobile station equipment identity (IMEI) number or serial number (SN) of this product together with the information about the country and of ty where this product is first activated will be registered with Motorola and/or Lenovo; this will be a one-time registration. Confirming the mobile obnorefiablet's activation

will facilitate after-sales service to you by verifying the product's authenticity. For the registration, the data transmitted is less than 1KB.

FCC and IC compliance. This phone complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this phone may not cause harmful interference; and (2) this phone must accept any interference received, including interference that might cause undesired operation. This phone complies with fluidsry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this phone may not cause interference, and (2) this phone must accept any interference received, including interference that might cause undesired operation.

Exposure to RF energy & phone operation. Your phone contains a transmitter and receiver of RF energy. It is designed to comply with regulatory requirements concerning human RF exposure. For optimal phone performance, and to stay within the RF exposure quidelines:

- Hold your phone normally at your ear when talking on it.
- · When using the phone next to your body (other than in your hand or

compliance with RF exposure requirements.

 If you use your phone with a non-Motorola accessory case or holder, make sure the accessory maintains the required separation distance and has no metallic parts.

Note: According to the World Health Organization, "many studies have been carried out over the last tiwently years to evaluate the risk ship phones present to health. Up to now, the negative impact on health of using phones has not been proven" (Leaflet No. 193). In accordance with French regulations, we are obliged to include the following recommendations regarding precautionary measures: you can limit your exposure to radio-frequency energy all by using your phone in areas with good network coverage, orb by using ahands- free kit to keep your phone away from your head and body. In this latter case, pregnant women are advised to keep their phone away from their adodens. It is also recommended that adolescents keep their phones away from the lower part of their addomen.

MOTOROLA MOBILITY LLC GLOBAL LIMITED WARRANTY MOBILE PHONES

Motorola Mobility LLC, orits subsidiaries, ("Motorola") warrants to the original consumer purchaser ("you") that the Mobile Phone or Moto Mod accompanying this warranty, and any in-box accessories which accompany it (the "Products"), will be free of substantial defects in material and workmanship for the period noted in the Addendum (see end of section), beginning from the date of original consumer purchase ("Warranty Period") provided that the Products are used for normal consumer purcose.

This warranty only applies to the first purchaser, and begins on the original date of purchase by such first purchaser. This warranty does not apply to products that are resold to a second purchaser (e.g. either as used, refurbished, or otherwise). In the event of a dispute as to whether the phone has been resold, if the date the phone has been first activated precedes the date of purchase by the second purchaser, such phone shall be deemed to have been resold, and this warranty shall not apply.

Note for Moto Mods owners: This warranty covers only the Moto Insta-Share Projector, Hasselblad True Zoom, Moto Power Pack, Moto Style Shell Wireless Charging, Moto Turbo Power Pack, Moto 360 Camera, and Moto Smart Speaker with Amazon Alexa, and Polaroid Insta-Share Printer, Moto Gamepad, Moto Stereo Speaker, Moto Power Pack, &TV Digital, Moto Style Shell, and Moto 5G Moto Mods. Third-party Moto Modsare not covered by this warranty, but may be covered by a separate warranty that accompanies them.

Repairs made by Motorolaorits authorized agent under this Limited Warranty ("Warranty Service") are covered for the balance of the original Warranty Period, or for the period noted in the Addendum, whichever is longer. This Limited Warranty covers only a purchase of new Products from Motorola or an authorized reseller or authorized distributor off Motorola Products which are accompanied in-boxby this written Limited Warranty. This Limited Warranty is personal

to you and not transferable. No retailer or other third party is authorized to make any representations on behalf of Motorola or to modify this Limited Warranty.

Additional warranty coverage for those Products that contain the Shatter Shield ™ Display (not all products contain the Shatter Shield ™ display, see printed manual for details). The ShatterShield ™ display consists of the internal display panel and embedded lens, which are was against shattering and cracking forfour (4) years from the original date of consumer purchase. Certain phones may

include a protective lens, screen protectors, or other similar external layers, which are not covered by this additional warranty, all other limitations and exclusions contained inthis Limited Warranty (see "What is not covered" section), including scratches and other cosmetic damage, intentional damage or abuse, and normal wear and tear, apply to the components of the ShatterShield "displayed" in the screen service and the screen service and the screen service and the screen service and the screen service and the screen service and the screen service and the screen service and the screen service and the screen service and the screen service and the screen service and the screen service service and the screen service service and the screen service

THISWARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY HAVE OTHER RIGHTS THAT VARY BY STATE, PROVINCE OR COUNTRY. Warranty Card

Product name	Serial number /
IMEI	

Lenovo (Motorola Mobility LLC) guarantees that every purchased Lenovo hardware product is free from material and quality defects in case of normal use of the product during the warranty period.

The warranty period for the purchased product is 24 months from the original date of purchase stated on the receiptor invoice, unless otherwise specified by Lenovo. The above mentioned warranty period also applies to the accessories included in the product.

Depending on the type of fault and the level of support selected, the customer will be informed about further service procedures. If the product needs to be delivered to the maintenance service, the product should be delivered in a company packaging or in a rigid box with intact flaps, secured inside with a suitable cushioning material. Each item should be wrapped separately

Any product defects discovered during the warranty period will be repaired or replaced free of charge. The time during which defective products emain in repair is not included in the warranty period. The maximum permitted repair time is 14 calendar days from the date the equipment is submitted to repair. The method of defect repairs determined by the quarantor.

During the warranty period, the guarantor will replace the product with an analogous one or another model, free from defects, with no worse technical parameters if:

- · the reported defect is not removable, or
- the warranty service cannot be performed within the aforementioned period.

The Warranty Card should be filled in completely and legibly, signed by the seller and the buyer, and should not contain any deletions, corrections, etc.

The warranty does not cover mechanical damage, defects caused by improper use or use of the productinconsistent with the operating manual as well as defects caused by random events. Mechanically damaged parts of the device lose their warranty.

The warranty does not cover the restoration of the customer's data or software.

The maintenance service mayrefuse warrantyrepair in the event of an inconsistency of product serial numbers with serial numbers contained in the Warranty Card, illegible records, change or lack of product serial number, detecting unauthorized repairs, breach of warranty seals of the product or list components, or use of the

product contrary to its intended purpose.

This warranty with respect to consumer goods does not exclude, limit or

suspend the purchaser's rights under the warranty provisions for defects in the sold item

In the case of reporting a defect not covered by the warranty, the authorized Lenovo service may charge the Claimant with the costs of diagnostics and logistics.

This warranty is the sole warranty of the Customer in Poland. The quarantor of the device is:

♠ Motorola legal FCC notice (USA)

The following statement applies to all products that bear the FCC logo and/or FCC ID on the product label.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. See 47 CFR Sec. 15.105(b). These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- · Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules.
Operation is subject to the following two conditions: (1)
This device may not cause harmful interference and (2)

hearing aid compatibility in the US

In the US, specific hearing aid compatibility (HAC) performance ratings can help clarify how certain wireless phones and hearing aids may perform together. HAC compliant wireless phones are capable of working with hearing aids that have a minimal immunity rating of at least 2. The immunity rating indicates how susceptible a hearing aid is to picking indicates how susceptible a hearing aid is to picking up interference from a digital wireless phone. It can rate the performance of the hearing aid for either microphone and/or telecoil coupling. Some hearing aids are more immune than others to this interference noise, and phones also vary in the amount of interference they generate. The US performance rating system for HAC compliant wireless phones is as follows:

The "M" (microphone) indicates that the product has been tested and rated for acoustic coupling. The "T" (telecoil) represents that the product has been tested and rated for inductive coupling. The higher the "M" or "T" rating, the less likely the hearing aid user will experience interference when the hearing aid is set to the respective microphone or telecoil mode. The highest values to date are 3 and 4 (e.g., "M4" or "M3/T3").

To determine if a product is rated for HAC, please look for the HAC rating or logo on the phone's packaging.

Results will vary depending on the user's hearing aid and hearing loss. If your hearing aid happens to be vulnerable to interference, you may not be able to use a rated phone successfully. Trying out the phone with your hearing device is the best way to evaluate it for your personal needs. To couple the device to your telecoil equipped hearing aid, switch your hearing aid to the "T" or telecoil setting. Then, enable the 'Hearing Aid' mode feature on your motorola phone with the following sequence: Apps > Phone > Menu > Settings > HAC mode settings.

motorola mobility hearing aid compatible phones and have been tested and rated for use with hearing aids for some of the wireless technologies that it uses. However, there may be some newer wireless technologies used in this phone that have not been tested yet for use with hearing aids. It is important to try the different features of this phone thoroughly and in different locations, using your hearing aid or cochlear implant, to determine if you hear any interfering noise. Contact your service provider or motorola for information on hearing aid compatibility. If you have questions about return or exchange policies, contact your service provider or phone retailer.
