Mirror Bluetooth Speaker

Item #:52241-1BT

Mirror Bluetooth Speaker

Item #:52241-1BT

Prior to Assembling:

Please pay attention to which side is the front/back when assembling.

Important Safety Precautions

1. Never expose your mirror to water.
2. **Do not expose your mirror to extreme temperatures.**
3. Do not allow children or the infirm to play with your mirror without adult supervision.
4. Do not use the mirror in extremely dry environments as this can lead to static discharge during usage.
5. Do not place metallic items like coins on the charging pad.
6. Do not attempt to repair this product yourself.
7. Unplug this device when not in use for extended periods of time or during lightning storms.
8. Clean your mirror using a soft cloth or paper towel. Do not use harsh chemicals when cleaning your mirror and never submerge your mirror in water.

CAUTION

BATTERY WARNING:

- The device is equipped with an integrated lithium battery. The battery cannot be replaced. Do not attempt to remove the battery from the device.
- Do not dispose of in fire or expose to excessive heat.
- Please recycle or dispose of the battery properly. Contact your local recycling facilities for further information.

A Quick Look at Your Vanity Mirror

Labels: Attachable Magnifying Mirror, LED Lights, Touch Button for LED Lights, On/Off Switch, Bluetooth Button, TF Card Slot, Microphone, Speaker Control Buttons, Smartphone Holder, Charging Port.

Controlling Music

Press the speaker control buttons on the back of your mirror in order to control music. Music can always be controlled using your mobile device.

Press & Hold 

Press and hold the  button for approximately 3~4 seconds to power on your mirror's speaker. Power switch must be in the on position. Press to play or pause a song. Press to answer a phone call.

Press 

Press  once to skip to the next track. Press and hold to increase volume.

Press & Hold 

Press  once to skip to the last track. Press and hold to decrease volume.

Care and Maintenance

- To clean, wipe the mirror with a soft, lint-free cloth.
- When not in use, store your mirror in a cool, dry space.
- Do not immerse the mirror in water or any liquids.
- Do not expose the mirror to liquid, moisture or humidity to avoid damaging the product's internal circuitry.
- Do not use any abrasive cleaning products to clean the mirror (as this can cause damage).

LED Lighting Control

On/Off Switch

LED Lights

Touch Button for LED Lights

Your mirror has LED strip lights. To turn on the LED lights, you first need to power on your mirror. Do so by sliding the Power Switch on the back of the mirror to the ON position.

Once your mirror is powered on, long press the LED Lighting Button on the front of the mirror to control the brightness, and tap the Touch Button to turn on or off the LED lights.

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 0cm between the radiator and your body.
