Particle Industries, Inc

FCC Class II Permissive Change Request Letter

Date: 2021.9.29

To FCC:

RE: FCC Permissive II Change Request for Company: Particle Industries, Inc

FCC ID: 2AEMI-BRN402

We are submitting an application for a class II permissive change to the FCC approval of the Company name: Particle Industries, Inc, product description: Boron LTE (FCC: 2AEMI-BRN402, Original Grant Date: 03/13/2019). The transmitter module itself has not changed. Here are the changes:

Add the Bluetooth.

The MCU (nRF52840) of Boron can support LTE Bluetooth® 5 and IEEE 802.15.4-2006.

In the past, our products only used IEEE 802.15.4, so we did not do Bluetooth certification in the previous product certification.

Now we have modified the software to add bluetooth function support, so we need to add Bluetooth FCC certification.

Sincerely,

Title: CEO

Name: Zach Supalla

Address: 126 Post St, 4th floor, San Francisco, CA 94108 USA
