

Difference Statement

FCC ID: 2AOTU-KDH243B-XXX

KDH243B-XXX

The only difference between the models in each series is the nomenclature. The PCB schematic diagram, PCB Layout, appearance, etc. are all the same. The first and second "X" represent the customer code, and the third "X" represents the version number. We have prepared model KDH243B-001 for RF testing.
