Solder Board-Component View 7	 A photograph of a small, rectangular printed circuit board (PCB) component, likely a solder mask or a small board, placed on a blue textured surface. The component is dark green with various electronic components and solder joints visible. It is positioned next to a black ruler with white markings, which shows measurements in millimeters (mm) and centimeters (cm). The ruler is oriented vertically, with the 0 mm mark at the top and the 100 mm mark at the bottom. The component is approximately 10 mm wide and 20 mm high.
Solder Board-Component View 8	 A photograph of a small, rectangular printed circuit board (PCB) component, likely a solder mask or a small board, placed on a blue textured surface. The component is dark green with various electronic components and solder joints visible. It is positioned next to a black ruler with white markings, which shows measurements in millimeters (mm) and centimeters (cm). The ruler is oriented vertically, with the 0 mm mark at the top and the 100 mm mark at the bottom. The component is approximately 10 mm wide and 20 mm high.

Solder Board-Component View 9	 A photograph showing two cylindrical lithium-ion batteries (3.6V, 2500mAh) connected by a soldered wire. The components are placed on a blue textured surface next to a black ruler with white markings for scale.
Antenna View	 A photograph showing the internal components of a device, including a black PCB and a white plastic housing. A red box highlights a component labeled "WIFI Antenna". The device is placed on a blue textured surface next to a black ruler with white markings for scale.
