A Quick Look

Earbuds

Charging

Insert the included charging cable's USB-C end into the charging port on the case.

3. The digits on the LED display screen will flash while the case charges and will display a solid '100%' once fully charged. The earbud battery icons will flash while the earbuds are charging inside the charging case:

The right earbud battery icon will flash while the right earbud charges.

The left earbud battery icon will flash while the left earbud charges.

Bluetooth Pairing

Remove the earbuds from the case and they will turn on automatically.

2. When in pairing mode, one earbud will flash red and blue and the other earbud will flash blue

On your phone, go in the Bluetooth page in the Settings app. Make sure Bluetooth is on before connecting to the available device "V40099W"

4. Both earbud's LED Indicator will slowly flash blue once paired to your phone.

Using Your Earbuds: Music Controls

. Press either earbud's Multi-function utton to pause and play music.

Press the left earbud's Multi-function button two times to go back to the previous song.

Press the right earbud's Multi-function button two times to go to the next song.

TWS Earbuds can be used independently. One earbud can be used when the other is o, as long as connected to Bluetooth.
