Authorization and Evaluation Division
Equipment Authorization Branch
7435 Oakland Mills Road
Columbia, MD 21046 U.S.A.

To whom it may concern,

We, the undersigned, hereby authorize Celltech Research Inc., to act on our behalf in all matters relating to applications for equipment authorization, including the signing of all documents relating to these matters. Any and all acts carried out by Celltech Research Inc. on our behalf shall have the same effect as acts of our own.

We also hereby certify that no party to this application is subject to a denial of benefits, including FCC benefits, pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21U.S.C. 853(a).

Sincerely,

A handwritten signature in black ink that reads 'Eric Liu'.

Eric Liu

**AFFIDAVIT FOR ESN PROTECTION
OF CELLULAR MOBILE TELEPHONES**

We hereby certify that the Handheld Portable Cellular Telephone (FCC ID: GKRVC-5) is so designed that it complies with all the requirements for ESN protection specified in Section 22.919 of the FCC Rules.

- a) The transmitter in service has a unique ESN.

- b) The ESN host component is permanently attached to a main circuit board of the mobile transmitter and the integrity of the unit operating software cannot be altered. The ESN is plated from fraudulent contact and tampering. The ESN is encoded using multiplication by a polynomial and the ESN data programmed in the memory with other information.

- c) The ESN is factory-set and cannot be altered, transferred, removed or otherwise able to be manipulated. Cellular mobile equipment is specifically designed such that any attempt to remove, tamper with, or change the ESN chip, its logic system, or firmware originally programmed by the manufacturer will render the mobile transmitter inoperative.

Sincerely,

Eric Liu

SUBJECT : Compal Electronics Inc.
FCC ID: GKRVC-5
FCC E911 Requirements Per §22.921

Gentlemen:

Compal Electronics Inc. hereby certifies that the analog cellular telephone (FCC ID: GKRVC-5), using the Automatic A/B Roaming – Intelligent Retry method, meets the E911 requirements specified in Section 22.921 of the FCC Rules. This procedure recognizes when a “9-1-1” call is made and, at such time, will override any programming in the mobile unit that determines the handling of a non-911 call and permit the call to be handled by other analog carriers.

Should you have any questions or comments concerning the above, please contact the undersigned.

A handwritten signature in dark ink, appearing to read 'Eric Liu', positioned above a horizontal line.

**Re : COMPAL ELECTRONICS INC.
FCC ID: GKRVC-5
FCC Part 22 Certification**

Gentlemen,

We hereby confirm that there is no belt-clip available at this time for our handset model VC-5. We also confirm that the only battery option is the standard battery, which was used during the testing for this filing. If additional accessories become available in the future that require FCC testing and approval then we will proceed accordingly.

If you have any questions regarding this matter, please do not hesitate to contact me.

Sincerely,

A handwritten signature in cursive script that reads 'Eric Liu'.
