Attestation

We, Zebra Technologies Corporation, attest the followings for our device FCC ID: **UZ7EM45A2**. FCC ID: **UZ7EM45B2**.

a. The equipment only punctures to optimize network performance and never to avoid licensed Incumbents.

b. If a licensed incumbent is detected, the equipment will either use bandwidth reduction or a complete move of the channel for avoidance.

c. If a channel is punctured in order to optimize network performance, it will continue to use CBP in the punctured region.
