Unauthorized tampering, modifications or repairs of the device.</div><div>Physical damage of the device on the account of abuse, handling, storage, installation or testing including any use that is not in accordance with the product manual.</div><div>Certification “This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.”</div><div>This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</div><div><div>-Reorient or relocate the receiving antenna.</div><div>-Increase the separation between the equipment and receiver.</div><div>-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.</div><div>-Consult the dealer or an experienced radio/TV technician for help.</div><div>Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.</div><div>RF Exposure Information</div><div>The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.</div></div></div></div>	<div><div>Safety For You</div><div><div><div></div><div>Do not expose device to liquids, moisture or humidity. It has electronics and a battery in it. Neither of them likes getting wet.</div><div></div><div>Don' t use abrasive cleaning solvents to clean your device. Wipe them down with a slightly damp cloth if and when necessary.</div><div></div><div>Remove and clean the earbuds tips regularly, to ensure that you always enjoy the best sound possible from your device.</div><div></div><div>Do not expose device to extremely high or low temperatures as this may damage the battery or even deform the plastic parts.</div><div></div><div>Don' t throw yours device in a fire to dispose it. The internal battery may explode.</div></div><div><div></div><div>Don' t try to disassemble your device. There are no user serviceable parts inside it.</div><div></div><div>Try not to drop your device and keep it away from sharp objects such as keys in your pockets.</div><div></div><div>Only charge your device from 5V USB ports such as phone chargers and laptops or PCs.</div><div></div><div>Never listen to music at high volumes or you may permanently damage hearing.</div><div></div><div>Pay attention to your surroundings and never wear any headphones while riding, driving or walking in traffic. You do not come with any warranty.</div></div></div></div>
