PRODUCT LABELING

FCCID: YCP-32WBA5MMG01

In accordance with FCC regulations (47 CFR §2.925(d)), due to the small size of the device and the impracticality of physically labeling it, the required FCC identification is provided in the user manual and packaging.

FCC ID: YCP-32WBA5MMG01 is placed in the user manual and on the product packaging instead of on the device itself, as permitted under FCC guidelines.

9.3 FCC certification

The STM32WBA5MMG module complies with part 15 of the FCC rules.

The FCC ID is YCP-32WBA5MMG01.

The module label on the box used for shipment includes the corresponding FCC ID.

The operation is subject to the following two conditions:

- This device may not cause harmful interference.
- This device must accept any interference received, including interference that may cause undesired operation.
