

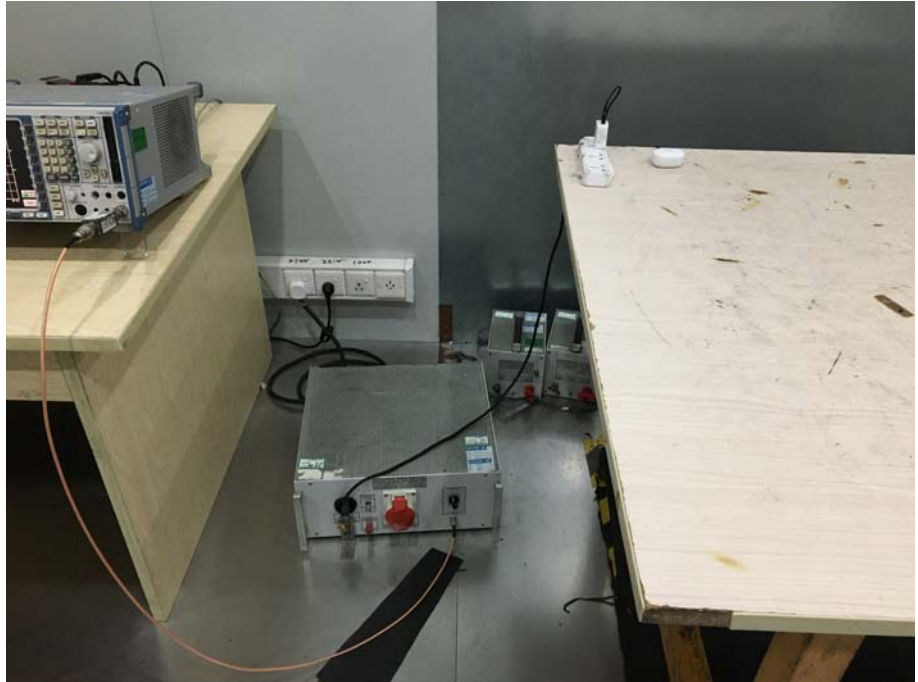

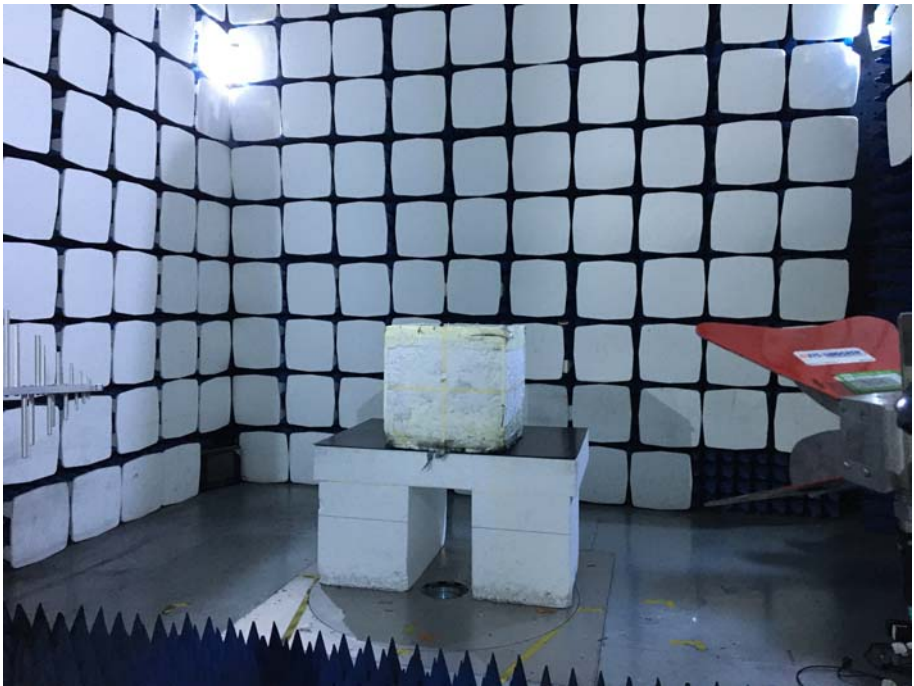

EXHIBIT 4 - TEST SETUP PHOTOGRAPHS

**Conducted Emission
Test Setup**

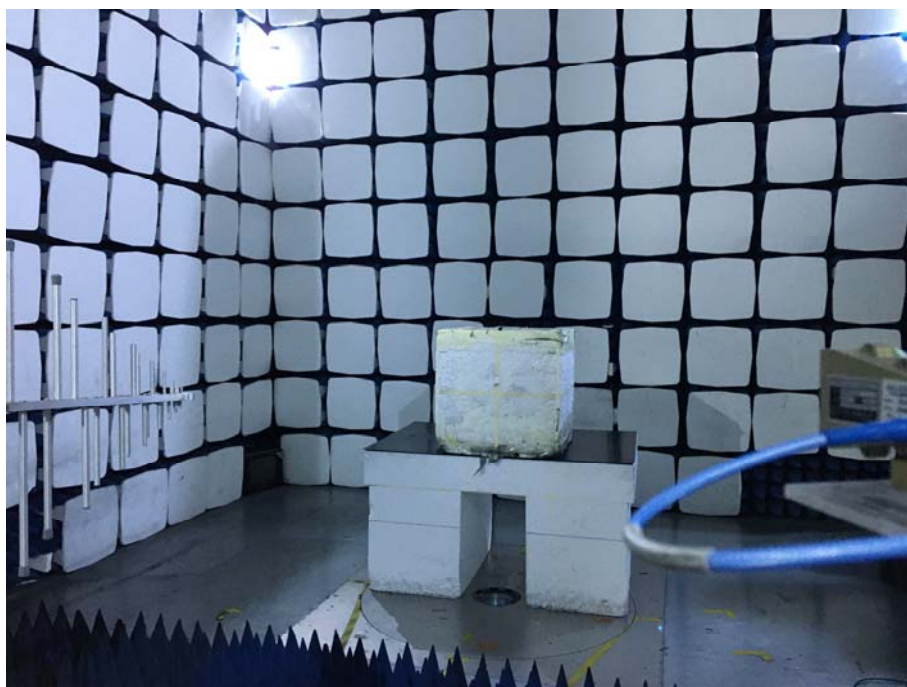

**Radiation Emission Test
Setup (Below 30MHz)**

Radiation Emission Test Setup (30MHz to 1GHz)	 A photograph of a radiation emission test chamber. The interior walls are covered with white, square-shaped electromagnetic absorbers. In the center, a white, U-shaped fixture sits on a circular turntable. To the right, a metal frame with vertical rods is visible. The floor is a light-colored, reflective surface with yellow and black safety markings.
Radiation Emission Test Setup (1GHz to 18GHz)	 A photograph of a radiation emission test chamber, similar to the one above but for a higher frequency range. The walls are covered with white, square-shaped electromagnetic absorbers. In the center, a white, U-shaped fixture sits on a circular turntable. A red object is visible on the right side. The floor is a light-colored, reflective surface with yellow and black safety markings.

**Radiation Emission Test
Setup (Above 18GHz)**
