FCC Equipment Authorization Permissive	e Change Application for the GS	S RTA-41XX
Multiscan™ Weather Radar		

List of Figures

Figure I-1 – Digital Receiver / Frequency Source, Showing New FPGA......I-3

Figure I-1 - Digital Receiver / Frequency Source, Showing New FPGA

Figure I-1 shows the new FPGA part and its placement on the board. It is in the same family, and therefore is a drop-in replacement for the old part.

For internal photographs of the unchanged portions of the radar, see the original FCC authorization application, RCPN 816-9476-001, Exhibit I.
