

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS**EUT Housing and Board
View 1****EUT Housing and Board
View 2**

Solder Board-Component View 1	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 1'. The component is rectangular and features a large, dark, rectangular area on the left side, likely a display or sensor. It is populated with several surface-mount components, including resistors and capacitors, arranged in a grid. A circular metal component is visible on the right side. The component is placed on a blue textured surface next to a black ruler with white markings, showing dimensions in millimeters.
Solder Board-Component View 2	 A photograph of the same green PCB component, labeled 'Solder Board-Component View 2'. This view shows the reverse side of the component, revealing the underside of the components and the solder joints. The circular metal component is visible on the right side. The component is placed on a blue textured surface next to a black ruler with white markings, showing dimensions in millimeters.

Solder Board-Component View 3	 A photograph of a green printed circuit board (PCB) with various electronic components, including a microcontroller, capacitors, and a circular antenna. The board is placed on a blue textured surface next to a black ruler with white markings. The ruler shows dimensions in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).
Antenna View	433.92MHz Antenna  A photograph of the same green PCB, focusing on the antenna component. A red box highlights the antenna, and a red line points to it from the label "433.92MHz Antenna". The board is placed on a blue textured surface next to a black ruler with white markings. The ruler shows dimensions in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).
