

197*135mm

XO-9112 Bottle Cap BT Speaker

FCC ID: 2ADK3-XO-9112

EN

Read these instructions carefully before using the Speaker bottle.

Specifications

- Working voltage: 3.4-4.2V
- Charging power supply: DC5V/500mA (Battery Indicator LED is red when charging. Turns off when fully charged).
- Low power warning: When voltage is lower than 3.5V, two beeps will sound and the battery indicator LED will flash blue. Before it shuts down, the beeps will become more frequent.
- Wireless working range <8M

Operation

Pairing with the Speaker Bottle:

1. The blue flashing LED indicates the pairing mode. Follow the Instructions on your mobile device to complete pairing.
2. Once connected with media device has been established, the light will flash slowly, remaining blue.
3. "<" Button: Click to skip to previous track. Press and hold to decrease volume.
4. "O" Button: Click to pause/play music, answer incoming calls.
5. ">" Button: Click to skip to next track. Press and hold to increase volume.

TP is not responsible for damage caused by improper use of products or inattention.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part

15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

RF Exposure Warning Statements:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment shall be installed and operated with minimum distance 20cm between the radiator & body.
