Dear Rich:

Attached please find an original schematic for Yaesu Musen Co., Ltd.'s FCC ID: K66VX-210V. The one we submitted electronically was not clear enough and my contact at Yaesu asked if we could send an original to you because he could not understand why the one we scanned in was not good enough. I asked Joe if he would accept an original paper schematic and he told me to send it to you.

Should you have any questions, please advise.

Sharon A. Hoffman
