/pe-C接收端使用方法

第一步:首先把Lightning接收端或者Type-C接收端插入手机的Lightning 接口或者Type-C接口,接收端绿慢闪。

第二步:长按1秒麦克风开机键,指示灯亮绿灯,即开机成功,

第三步:接收端和麦克风绿灯常亮,表示配对连接成功,可以正常收音。

特别说明 第⑧的使用方法如下:如果直播时,手机电量不足的情况下,外接电源直接 通过接收端Type-C接口给予手机充电。

■ 3.5mm接收端使用方法

第一步:接收端3.5mm接口插入相机,并且长按1秒开关机键开机,绿灯 慢闪。

Step 2: press power button for 1S of microphone to power on, the

Step 3: The green light of both receiver and microphone are always on, pairing is successful. Microphone is ready for sound recording.

Safety Warning

In order to avoid electric shock, high temperature, fire, radiation, explosion, mechanical hazards and improper use of the product may cause personal injury or property damage, please read carefully and comply with the following matters before using this product:

1. When using the product, please confirm that the connected equipment and the product power match and reasonable adjustment of the volume of the equipment do not exceed the product power and loud volume for a long time, so as not to cause abnormalities in the product

2. If abnormalities are found in use (such as smoke, odor, etc.), please immediately turn off the power switch and turn off the power plug and then send the product to the dealer for repair

3. This product and accessories should be placed in a dry and ventilated place indoors, do not store for a long time in a humid, dusty environment avoid near fire, rain, water, excessive collision, throwing, vibration of the machine and cover the ventilation hole to avoid damage to its function

4. The use of the product must comply with the relevant safety regulations, laws and regulations clearly prohibit the use of the occasion please do not use the product, so as not to cause accidents

5. Please do not disassemble and modify or repair the machine by yourself to prevent personal injury, if you have questions or service needs, please contact your local dealer to follow up.

正面

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-Reorient or relocate the receiving antenna.

-Increase the separation between the equipment and receiver.

-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-Consult the dealer or an experienced radio/TV technician for help.

RF warning for Portable device: The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
