Product Overview

3

Important Safety Information

4

WARNING

Not suitable for aggressive dogs. If your dog is prone to aggressive behavior, do not use this product. Aggressive dogs can cause severe injury or even death to their owner and others. Consult with your veterinarian or certified trainer. If you're unsure if this product is safe for your dog.

CAUTION

To prevent injury from improper use, please carefully read the user manual before using this product. Proper collar fit is crucial as leaving the collar on for an extended period or making it too tight can lead to skin damage. This can range from mild redness to pressure ulcers, also known as bedsores.

Do not leave the receiver on your dog for more than 12 hours a day to prevent discomfort or injury.
 If possible, reposition the receiver every 4-6 hours to avoid excessive pressure on one area.
 Always check the fit of the collar and refer to the instructions in the manual to ensure proper use.

Important Safety Information

5

- Do not attach a leash to the electronic collar as it may cause excessive pressure on the contacts.
- When using a separate collar for a leash, avoid putting pressure on the electronic collar.
- To maintain hygiene, clean the dog's neck area and collar contacts weekly using a damp cloth.
- Check the contact area daily for any signs of rash or sores.
- Discontinue use of the collar if any such issues arise.
- Only use an adapter with an output of 5V or less to charge the collar.

How to Charge

6

Charging Instructions (2h charging time):

When charging is completed, the battery icon will stop flashing and show a full status. Charging takes about 2 hours.

Please wear the silicone cover after charging.

How to Wear a Collar

7

Certification Statements

16

FC

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- This device may not cause harmful interference.
- This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not approved expressly by the party responsible for compliance could void the user's warranty to the extent the claimant.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If the equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Certification Statements

17

CE

The company declares under its own responsibility that this product complies with the Union requirements of CE (2014/53/EU) and (2014/53/EU). Where the approval of use involves the declaration, the company declares and certifies that the product complies with the CE requirements and that the product is in conformity with the CE requirements.

Recycling Information/Battery Disposal

Please observe the regulations for electronic and electrical devices to be disposed of in the respective country. In some countries or regions, the device must be recycled. If the device is no longer required, it must not be disposed of with normal household waste. Separate collection of spent batteries is required in some regions. Check the regulations in your area, please always consult the dealer. For more recycling information, please refer to local regulations.
