To Whom it May Concern

We, [Guangdong OPPO Mobile Telecommunications Corp., Ltd.], as the manufacturer of FCC ID: R9C-OP24261 (Model: CPH2697), hereby, declare that,

1. Device Protocol Attestation Statement:

- a. the device will only associate and connect with a low-power indoor access point or subordinate device and never directly connect to other client devices or Standard Power Access Point 6SD.
- b. this device will always initiate transmission under the control of a low-power indoor AP or subordinate except for brief transmissions before joining a network. These short messages will only occur if the client has detected an indoor AP or subordinate operating on a channel. These brief messages will have a time-out mechanism such that if it does not receive a response from an AP it will not continually repeat the request.
- c. The transmissions will be lower or equal to the power advertised by the indoor low-power access point or subordinate and never above the maximum output power allowed by the FCC grant for equipment class 6XD.

2. Understanding of Statement acknowledging device restrictions:

- a. Prohibited for control of or communications with unmanned aircraft systems, including drones.

Should you have any questions or comments concerning the above, please contact the undersigned.
