TÜV®

Subject: Change in IDs

This is to certify that the test report M/FG-16/113 is valid for the following radio module:

- 2ACQM-M01015
- 12154A-M01015

although it is named 2ACQM-M01015 and 12154A-M01015 respectively in this test report.
This is because the manufacturer decided to change IDs after the test report was issued.
