Battery

S3 is included an internal battery.

You can track your battery status with the icon showed on the top right of the screen. As microwave ovens, stoves, or radiators, batteries may explode when overheated.

- Use only S3 approved batteries specifically designed for your phone. Incompatible batteries can cause serious injuries or damage to your phone.
- Never place batteries or phones on or in heating S3, such as microwave ovens, stoves, or radiators. Batteries may explode when overheated.
- Turn your S3 off and do not remove its battery or charge the battery when in an area with a potentially explosive atmosphere. Sparks in such areas could cause an explosion or fire resulting in property damage, bodily injury or even death. Do not use the S3 near at a refueling point (service station) or near fuels or chemicals.
- Keep your S3 away from moisture. If water or other liquids get into S3, it will cause S3 overheating, leakage of electricity and malfunction.

Warning

The rechargeable batteries contain toxic heavy metals like mercury, cadmium, and lead. Improperly disposed batteries will cause heavy metal contamination. These batteries when discarded in ordinary household or workplace, after a long time, the heavy metal will leach slowly into the soil, ground water and surface water. Therefore, please dispose of used battery in a proper way.

- Do not land filled, because the heavy metal will leach slowly into the soil, ground water and surface water.
- Do not incinerate, because the heavy metals can enter the air through smokestack emissions and can concentrate in the ash produced by combustion.
- Do not compost, because the heavy metals in the compost may exceed standards.
- Do not throw away used batteries random, avoiding environmental pollution.
- Separate wasted batteries from household trash, reducing its harm to the environment.

Basic parameters

Display 1:	6.67" FHD+ 2K Display
Display 2:	1.1"TFT/240° 240px
Operating system:	Android™
Processor:	MediaTek Helio G85, Octa-core
Memory:	6GB RAM +128GB ROM Up to 20GB RAM(6GB+14GB Expansion)
Battery:	5000mAh Battery, 18W Fast Charge

Camera

Rear camera: 64MP PDAF + 2MP Microspur

Front Cam: 8MP

Flash Led

Connection(I/O)

Other Features

Video: AVI, MP4, WMV, MKV, MOV, ASF, FLV, RMVB, RM

Audio: Support AVI, MP4, WMV, RMVB, MKV, MOV, ASF, RM, FLV
and other video formats, up to 1080p / 30fps

Image: JPEG, BMP, GIF, PNG

Dimensions

Height: 162.5mm Width: 74.3mm Thickness: 8.65mm

Weight: 199g

Package Contents

1* USB Cable 1* Charger 1* S3 1* SIM Card Pin

1* Multi-language Manual/Warranty card/Battery warning label

1* Protective film 1* TPU Cover

In addition

- Use careful with the earphone maybe possible excessive sound pressure from earphones and headphones can cause hearing loss.
- CAUTION : Risk of explosion if battery is replaced by an incorrect type.
- The product shall only be connected to a USB interface of version QC 3.0
- Adapter shall be installed near the equipment and shall be easily accessible.
- The plug considered as disconnect S3 of adapter.
- The S3 complies with RF specifications when the device used at 0mm from your body.

Care and maintenance

Your S3 is a product of superior design and craftsmanship and should be treated with care. By following the warranty obligations and by caring for your mobile, you can enjoy it for many years:

- (1) Keep the S3 dry. Precipitation, humidity and liquids containing minerals will corrode the electronic circuits;
- (2) Do not use or store the S3 in dusty areas as the dust could obstruct or damage the moveable parts;
- (3) Do not store the S3 in hot areas. High temperatures can shorten the life of electronic S3, damage batteries and warp or melt certain plastics;
- (4) Do not store the S3 in cold areas, because moisture can form inside the S3 when temperature rises, which may damage the electronic circuits;
- (5) Use only approved batteries and accessories. Use of any unauthenticated batteries and accessories could damage your S3 and may be dangerous;
- (6) If there's something wrong with your S3 or its accessories, do not attempt to dismantle the S3. Contact qualified service personnel to repair your S3.

Please fill in all of the above items.	

This product comes with a 24-month warranty from the date of purchase

- If there is a quality problem within the scope of normal use, we provide warranty.
- After purchasing our company's products, please keep this product together with invoices and other items, and please provide information according to our company's reliance request when maintenance services are required.
- Warranty service may not be provided if the warranty card is damaged, altered, etc.,
And it is considered to be incorrect, or if the warranty card is not stamped by the store where it was sold.
- Damage caused by use beyond the normal use range is not covered by the warranty service.
- The content of the warranty scope is subject to the content recognized by the company.
- Even within the scope of the warranty, there are times when an equivalent product can be exchanged. Shipping and maintenance costs for products not covered by the warranty shall be borne by the customer.
- Product specifications and features are sometimes changed without prior notice.
- Please refer to our updated guideline on our website below.

Manufacturer: Shenzhen Qichang Intelligent Technology Co., Ltd.

Address: Room 510, 5th Floor, Building 7, Yunli Smart Park, No.7 Changfa Middle Road, Yangmei Community, Bantian Street, Longgang District, Shenzhen,CN

FCC Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

FCC/IC RF Radiation Exposure and SAR Statements

The Smart Phone S3 has been tested for body-worn Specific Absorption Rate(SAR) compliance. The FCC/IC has established detailed SAR requirements and has established that these requirements. RF Exposure Information The radio module has been evaluated under FCC Bulletin C95.1 and IEEE 1528 and found to be compliant

to RF Exposure from radio frequency devices. This model meets the applicable government requirements for exposure to radio frequency waves. The highest reported SAR level for usage near the body (10mm) is 0.578 W/kg, Body simultaneous transmission is 0.970W/kg at the same time.SAR level for usage near the Head is 0.595 W/kg and Head simultaneous transmission is 0.788 W/kg , SAR level for usage near the Hotspot is 1.352 W/kg and Hotspot simultaneous transmission is 1.352 W/kg
