

INTERTEK TESTING SERVICES

Purpose of Application

The model 35828 is the altering previous certified model of 35818 that an additional telephone line is added; therefore, the purpose of this application is to report changes in the previous certified product for production reason. The main modification is change from single telephone line into 2 lines system, and the PCB layout on base unit main board is also changed. The RF module and frequency algorithm of base unit are remained the same.
