### Justification for Re-use of radio test results

We, **EMS Technologies Canada Ltd**, believe the conducted signal test data on original reports provided by Silicon Laboratories Finland Oy (FCC ID: QOQ11, IC: 5123A-11, BGM11S1A) can be re-used for the following reasons:

1. Applicant has built in the radio module according to the specific radio module integration guides.
2. The applicant has not modified either hardware or software provided by the module manufacturer.

Test item	Rule Part	Report No.	Justification of re-use
BLE	RSS-247, FCC Part 15.247	287407-2-1	See above
