

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

**EUT Housing and
Board View 1**

**Solder
Board-Component
View 1**

Solder Board-Component View 2	 A photograph of a green printed circuit board (PCB) component, labeled 'SH-02', mounted on a blue textured surface. The component is rectangular with various electronic components and solder joints. It is positioned next to a black ruler with white markings, showing dimensions in millimeters. The ruler indicates the component is approximately 25 mm wide and 15 mm high.
Solder Board-Component View 3	 A photograph of the same green PCB component, labeled 'SM-05B', mounted on a blue textured surface. The component is rectangular with various electronic components and solder joints. It is positioned next to a black ruler with white markings, showing dimensions in millimeters. The ruler indicates the component is approximately 25 mm wide and 15 mm high.

Solder Board-Component View 4	 A photograph of a small green printed circuit board (PCB) component, likely a module, resting on a blue textured surface. A black ruler with white markings is positioned vertically to the left of the component, showing measurements in millimeters (0, 10, 20, 30, 40 mm). The component features various electronic components, including a large black integrated circuit (IC) in the center, several smaller components, and a small blue rectangular component on the left side.
Antenna View	 A photograph of the same green PCB component, similar to the one in the first image. A red rectangular box highlights a small blue rectangular component on the left side of the board. A red line extends from this box down to a label. A black ruler with white markings is positioned vertically to the left of the component, showing measurements in millimeters (0, 10, 20, 30, 40 mm). BT/WIFI Ant.
