

Statement and explanations

GT117U is a Tracker products with a certification module (module BG95-M1 (Module FCC ID: XMR2020BG95M1, Date of Grant: 03/26/2020)) .

The LTE Cat M1 Module is installed in the host, which has no impact on the RF performance. Considering that the antenna is designed for the host, when the module is integrated into the host, we perform EMC tests on the host and re-test the RSE. Since the BT function is added to the whole machine, the BT of the whole machine is tested completely. Please refer to the corresponding laboratory test results.
