CONTENTS

Declaration for Novii POD labelling to be included in the Instructions for Use and not applied to the product label due to the small dimensions making it excluded from the FCC labelling requirement (fits into the palm of a hand)

These statements will be included in the Instructions for Use, IFU:

Labelling: Novii

1.0 Information to user:

The instruction for use manual shall caution the user that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

There shall be 3 sources of Instructions for use.

- 1) Paper copy available on request (in requested language)
- 2) Electronic copy on computer disk shipped with device (in all identified languages)
- 3) Electronic copy available on company website (in all identified languages)

2.0 The following safety statements will be included in the Instructions for use:

Statement 1

Compliance Statement (Part 15.19(a)(3))

This device complies with Part 15 and Part 18 of the FCC Rules.

Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

Statement 2

Warning (Part 15.21)

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Statement 3

FCC Interference Statement (Part 15.105 (b))

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment

generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause

harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment

off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver

	DOCUMENT	REVISION	PAGE
		1-1	4 / 4

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help.

3.0 FCC part 15-91905

- 1) The label shall be a stick-on, synthetic label. The label on these products shall be permanently affixed to the product and shall be readily visible to the purchaser at the time of purchase.
 - 2) Permanently affixed using industrial grade permanent adhesive.
 - 3) High scratch resistant and Chemical Resistant.
 - 4) The label is designed to last the expected lifetime of the equipment in the environment in which the equipment will be operated and is not readily detachable.
- a) The Novii POD is equipped with a permanently affixed label displaying the FCC ID.
Due to the small size of the Novii POD the FCC ID will be 8pt or greater (12pt max) but will be visibly identifiable.
The Pod is 4cm x 3.5cm and fits into the palm of a man's hand so we are requesting permission to exclude the FCC statement on the label.
- b) The Novii Interface is equipped with a permanently affixed label displaying its FCC identification number. YOM-6961-MON
