FCC Part 15.247 Certification
Request for Confidentiality

Pursuant to 47 CFR 0.457(d) and 47 CFR 0.459 of the FCC Rules, Itronix Corporation hereby requests confidentiality of the Intel Block Diagram(s), Intel Schematic Diagram(s), Intel Operational Description, and RangeStar Antenna Specification exhibits for the subject application.

These documents contain detailed system and equipment description and related information about the product in which Intel Corporation and Itronix Corporation considers to be proprietary, confidential, and a custom design and, otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, Intel Corporation and Itronix Corporation considers that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely,
