4. Getting Started

Charging the Case and Earbuds

1. **USB-C Charging**: Connect the case to a power source using a USB-C cable.
2. **Wireless Charging**: Place the case on a compatible wireless charging pad.
3. **Battery Status**: LED indicators on the case show the charging level. A full charge provides up to 20 hours of earbud recharge.

Pairing with Bluetooth Devices

1. Open the charging case with the earbuds inside.
2. Enable Bluetooth on your device and search for "Komutr"

3. Select the earbuds to pair. They will connect automatically on future uses.

5. Touch Controls

Function	Action
Play/Pause	Tap once
Next Track	Tap right earbud twice
Previous Track	Tap left earbud twice
Volume Up	Long tap right earbud once
Volume Down	Long tap left earbud once
Answer/Hang Up Call	Tap either earbud once
Voice Assistant (e.g., Siri)	Press and hold either earbud for 1 sec
EQ Mode Switch	Tap either earbud three times

6. Using the Komutr App

Download the **Komutr App** for firmware updates, touch control customization, and EQ mode adjustments. The app is compatible with iPhone and Android devices, provides Over-the-Air (OTA) upgrades.

7. Safety and Maintenance

• **Cleaning**: Clean earbuds with a soft, dry cloth. Avoid water or solvents.
• **Battery Care**: Keep the case and earbuds

FCC Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
•Reorient or relocate the receiving antenna.
•Increase the separation between the equipment and receiver.
•Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
•Consult the dealer or an experienced radio/TV technician for help.
Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

RF Exposure Information
The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
