## BLUETOOTH STEREO HEADPHONES

### Operation manual

#### Important Notes

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

#### FCC warning:

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

#### Charging & Start

##### Charging

Your headphones are supplied with USB charging cable. To charge, plug the micro USB end into the headphone and the USB end into any USB charging source.

- Before charging the headphone, please turn off the headphone.
- Do not charge the headphone during use.

During charging the headphone indicator constantly lights in red. Standard full charge is approx 2 hours.

#### Bluetooth Mode

##### Switch Mode

Long press the button to enter bluetooth mode  
prompt sound: Bluetooth mode.

##### Pairing

Bluetooth devices need to be "Paired" with each other beforehand. Once Bluetooth devices are paired, there is no need for pairing again unless recognition of the headphones by the device is deleted.

##### Pairing new devices

How to perform pairing procedure on your Bluetooth device to detect your headphones.

1. Insure your headphones are "ON" and in Bluetooth mode.
2. Go to Bluetooth on your device and scan for available Bluetooth connections. The list of detected devices appears on the display of the Bluetooth device.
3. Select "G01" on the display of the Bluetooth device.

Your headphones will pair to your Bluetooth device and you will hear the voice prompt "Bluetooth connected successfully".

#### Technical Specifications

- Bluetooth: 5.3
- Connection distance: 10M
- Operating Frequency: 2.402-2.480GHz
- Driver unit size: 40MM
- Unit impedance: 32
- Unit response frequency: 20Hz-20KHz
- Noise reduction frequency: 20-700Hz
- Battery capacity: 500mAh
- Continuous playback time: 20H
- Charging time: 2H
