DEFAULT MULTI-FUNCTION (M1-M6) MAPPING

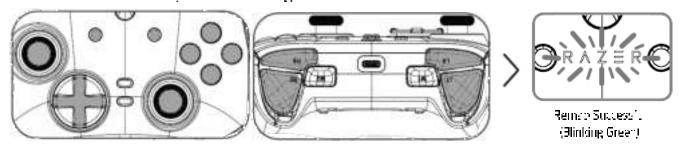

REASSIGNING THE MULTI-FUNCTION (M1-M6) MAPPING

1. Hold down the Function button and the Multi-Function bumper/paddle you want to remap.

2. Press the button you want to assign to it.

USING THE SENSITIVITY CLUTCH FUNCTION

Holding down the assigned button will lower the chosen analog stick's sensitivity by up to 50%.

The sensitivity clutch function can be assigned and customized through the Razer Controller app.

UNLOCK YOUR CONTROLLER'S FINAL FORM

Download and install the Razer™ Controller app to yourXbox Series™ X|S or PC to customize your controller and unleash its full potential.

SAFETY AND MAINTENANCE

SAFETY GUIDELINES

In order to achieve maximum safety while using the GAMING CONTROLLER (RZ06-0520), WIRELESS Dongle (RC30-0520), we suggest that you adopt the following guidelines:

Should you have trouble operating the device properly and troubleshooting does not work, unplug the device and contact the Razer hotline or go to <u>support.razer.com</u> for support. Do not attempt to service or fix the device yourself at any time.

Do not take apart the device, and do not attempt to operate it under abnormal current loads. Doing so will void your warranty.

Keep the controller and all its parts and accessories out of the reach of small children to avoid accidents and/or injuries.

Keep the device and its components away from liquid, humidity or moisture. Operate the device and its components only within the specific temperature range of 0°C (32°F) to 40°C (104°F). Should the temperature exceed this range, unplug and switch off the device in order to let the temperature stabilize to an optimal level.

MAINTENANCE AND USE

The GAMING CONTROLLER (RZ06-0520), WIRELESS Dongle (RC30-0520) requires minimum maintenance to keep it in optimum condition. Once a month, we recommend that you unplug the device and clean it using a soft cloth or cotton to prevent dirt buildup. Do not use soap or harsh cleaning agents.

CE Statement of Compliance

ENGLISH

STATEMENT OF COMPLIANCE WITH EU DIRECTIVE

Hereby, Razer (Europe) GmbH, declares that this Gaming Controller Model:RZ06-0520 and Wireless Dongle Model: RC30-0520 is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU and 2015/863/EU.

The full Declaration of Conformity is accessible via the following: Internet address: razer.com/legal/compliance

Gaming Controller:

Radio Frequency: 2.4 GHz SRD

Operating Frequency: 2406-2474MHz

Max Output power: ≤15dBm SW version: V1.00.05.00

Wireless Dongle:

Radio Frequency: 2.4 GHz SRD

Operating Frequency:

2406-2474Mhz

Max Output power: ≤14dBm SW version: V1.00.05.00

RF exposure (SAR): The SAR limit of Europe is 2.0 W/kg. The device can safely be used with a distance of 5 mm (Gaming Controller) and 0mm for (Wireless Dongle) to the human body. The maximum SAR test value for the gaming controller is 0.051W/kg and 0.009W/kg for the wireless dongle.

WASTE ELECTRICAL AND ELECTRONIC EQUIPMENT INFORMATION

ENGLISH

Correct Disposal of This Product (Waste Electrical & Electronic Equipment) (Applicable in the European Union and other European countries with separate collection systems) This marking shown on the product or its literature, indicates that it should not be disposed with other household wastes at the end of its working life. To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate this from other types of wastes and recycle it responsibly to promote the sustainable reuse of material resources. Household users should contact either the retailer where they purchased this product, or their local government office, for details of where and how they can take this item for environmentally safe recycling.

Business users should contact their supplier and check the terms and conditions of the purchase contract. This product should not be mixed with other commercial wastes for disposal.

Li-ion

This equipment is for home use, and has acquired electromagnetic conformity registration, so it can be used not only in residential areas, but also other areas.

Battery: Build-In Battery

Battery Type: Lithium-ion Battery

Do not attempt to replace or remove the battery yourself, you may damage the battery which could cause overheating, fire, and injury. The built-in battery should be replaced by authorized service provider, and must be recycled or disposed of separately from household waste. Dispose of batteries according to your local environmental laws and guidelines.

Batterie: Integrierte Batterie

Batterie-Typ: Lithium-lonen-Akku

Bevor du die Batterie entfernst, achte darauf, dass sie komplett entladen ist, und schau im Benutzerhandbuch nach, ob es spezielle Hinweise dazu gibt. Bitte entsorge Batterien gemäß den für dich geltenden Umweltbestimmungen und Richtlinien.

BATTERY INFO

Risk of fire or explosion or defeat the safeguard of equipment if the battery is replaced by an incorrect type. Replace only with the same or equivalent type. Disposal of a battery into fire or a hot oven, or mechanically crushing or cutting of a battery, that can result in an explosion. High or low extreme temperatures or low air pressure at high altitude that the battery can be subjected to during use, storage or transportation. Leaving the battery in an extremely high temperature and/or low air pressure surrounding environment that can result in an explosion or the leakage of flammable liquid or gas.

EU PRODUCT AND BATTERY DISPOSAL INFORMATION

BATTERY WARNING

The product contains a Li-ion rechargeable battery. In general, the life expectancy of such batteries is dependent upon usage. If you suspect that the Li-ion rechargeable battery inside the product may be drained (has a low charge), try charging it.

FCC CAUTION STATEMENT / AVERTISSEMENT DE LA FCC

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- —Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- —Consult the dealer or an experienced radio/TV technician for help.

USA SARI

The SAR limit of USA (FCC) is 1.6 watt/kg (W/kg) averaged over one gram of tissue. This device has also been tested against this SAR limit.

FCC RADIATION EXPOSURE STATEMENT

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End users must follow the specific operating instructions for satisfying RF exposure compliance. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

NOTICE FOR CANADA.

This device complies with Industry Canada's licence-exempt RSSs. Operation is subject to the following two conditions:

(1) This device may not cause interference; and

(2) This device must accept any interference, including interference that may cause undesired operation of the device.

This Class B digital apparatus complies with Canadian ICES-003.

CANADIAN CLASS B STATEMENT

This digital apparatus does not exceed the Class B limits for radio noise emissions from digital apparatus as set out in the radio interference regulations of Industry Canada.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. This equipment should be installed and operated with a minimum distance of 0mm between the radiator and your body.

CANADA SARI

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. This equipment should be installed and operated with a minimum distance of 0mm (Gaming Controller), 5mm (Wireless Dongle) between the radiator and your body. The SAR limit of Canada (ISED) is 1.6 watt/kg (W/kg) averaged over one gram of tissue. This device has also been tested against this SAR limit.

RADIATED EXPOSURE STATEMENT

The product comply with the Canada Portable RF exposure limit set forth for an uncontrolled environment and are safe for intended operation as described in this manual. The further RF exposure reduction can be achieved if the product can be kept as far as possible from the user body or set the device to lower output power if such function is available.

BRAZIL

Este equipamento não tem direito á proteção contra interferência prejudicial e não pode causar interferência em sistemas devidamente autorizados. Para maiores informações, consulte o site da ANATEL –www.gov.br/anatel/pt-br

MEXICO.

"La operación de este equipo está sujeta a las siguientes dos condiciones: [1] es posible que este equipo o dispositivo no cause interferencia

perjudicial y

(2) este equipo o dispositivo debe aceptar cualquier interferencia, incluyendo la que pueda causar su operación no deseada.
