Subject: class II permissive change for FCC ID: BEJ-WB1NP9
(original Grant date: 06/13/2019)

Dear Examiner,

This is to request a class II permissive change for Bluetooth Module, Model Name: WB1NP9, FCC ID: BEJ-WB1NP9

The Major change filed under this application is:

- The subject approved module is being used in a specific host(portable category configuration: Bluetooth Speaker, Brand Name:  LG, Model Name: XT7S
- SAR testing is performed to demonstrate compliance.
- The host and power and antenna has the same type and same gain as originally approved, therefore radiated performance in the intentional frequency bands is expected to be lower than that measured in the original modular approval.
- Software security remains unchanged from the original application.

Please kindly review the application documents submitted and grant approval for this Permissive Change application.
