

EXHIBIT 4 - TEST SETUP PHOTOGRAPHS

Conducted Emission Test Setup	 A photograph showing a conducted emission test setup. On the left, a spectrum analyzer is placed on a wooden workbench, with various cables connected to it. Below the workbench, a power supply unit is visible. To the right, a large, light-colored wooden structure, possibly a shielded enclosure or a test chamber, is shown. A small black device is resting on top of this structure.
Radiation Emission Test Setup (Below 30MHz)	 A photograph of a radiation emission test setup. The room is lined with white, square-shaped electromagnetic shielding tiles. In the center, a yellow test chamber is placed on a metal stand. A bright light source is visible in the upper left corner of the room.

**Radiation Emission Test
Setup (30MHz to 1GHz)**

**Radiation Emission Test
Setup (1GHz to 18GHz)**

**Radiation Emission Test
Setup (Above 18GHz)**
