Correspondence Reference No.: 16803
Request for Tech. Info.: 10/27/00

Dear Katie:

Transmitted herewith, on behalf of HYUNDAI Electronics Industries Co., Ltd. is an amendment provided in response to the request for technical information dated October 27, 2000.

1. Please note that section 4.9 of the test report was inadvertently submitted, the radiated measurements was taken with the antenna attached to the EUT, and we did in fact use the signal substitution to determine the signal levels not the field strength.

We trust this information is sufficient to issue the grant ASAP. If you have any further questions, please do not hesitate to contact us.

Randy Ortanez
President & Chief Engineer
